

Chapter: 597

“Just his small body, I’m afraid he would be blown away by the big bear with a punch.”

“Look at him with thin skin and tender meat. He is as thin as a monkey. I’m afraid that he can’t even hold his fist. He dare to challenge the big bear. His brain is flooded!”

“Just like this, he is still the boss of a listed company. I think this company is nothing more than that.”

“He must think that he has watched some online martial arts movies, so he thinks he is a master of martial arts, haha, it really laughs me to death.”

All the members of the North Sky Club present laughed loudly, with no concealment, and some of them laughed so much that tears were coming out. In their opinion, Lin Ziming was an ordinary person, thin, thin-skinned and tender. At first glance, he knew that he was spoiled and spoiled, and there were no workers who had ever worked. Just like this rubbish, they could hit one with one punch.

Not just them, but even those practicing and special soldiers who came with Lin Ziming couldn’t help but laugh at this moment, thinking that Lin Ziming was making fun. This can no longer be described as having no self-knowledge, but pure Looking for death, I don’t know the sky is high and the earth is thick!

Xu Hua laughed even more loudly. He was amused. He thought that Lin Ziming was a fool, and his brain must have been flooded.

The iron tower man just now was not even an opponent. If he were replaced by Lin Ziming, he would be able to kill Lin Ziming to death with a single finger.

He couldn’t understand why there is such a stupid person in the world. When he goes back, he must tell his cousin Qin Yao to change his mind. Don’t like this kind of mentally retarded.

Wang Shougui was also dumbfounded. He never thought that Lin Ziming would do such a move! This is not fatal!

He didn’t care about so much, so he hurried up, grabbed Lin Ziming, and said anxiously: “Chairman, what are you doing? You are crazy! He is a professional bodyguard, who has received professional training. This is your old man. Bone, one punch can kill you! I know that you are talented and you are not satisfied with the present, but you have to calm down and combine your abilities. Security is the domain of the North Sky Club. We will step in anyway. Those who won’t go in!”

Wang Shougui had to persuade Lin Ziming that if something happened to Lin Ziming, then Ziqiong Media would definitely collapse, and he could not allow this to happen.

The corner of Yan Chuang’s eyes throbbled, and he slammed the tea cup

down. There was a lot of tea splashing out of the cup. He stared at Lin Ziming badly and cursed, “The surname Lin, are you kidding me? !”

Lin Ziming shook his head and said, “I never make a joke.”

Yan Chuang stood up, his tone more aggravated, and stared at Lin Ziming fiercely. The pressure was so great that Xu Hua and others were almost out of breath.

“You say it again.”

Seeing that the situation is getting worse, Wang Shougui hurriedly stepped up to be a peacemaker, “Mr. Yan, this is a misunderstanding. Our chairman is too young and ignorant. Take him away.”

It could be seen that Wang Shougui was really panicked, and even said such words.

Yan Chuang looked at Wang Shougui for a while, and then nodded: “Okay, I will sell you Wang Shougui in a few days, and take you as a bullshit chairman, and let me go!”

Wang Shougui’s little chicken nodded like a pecking rice, and hurriedly pulled Lin Ziming away, but no matter how he pulled, Lin Ziming remained motionless. He couldn’t help being annoyed, and said to Lin Ziming, “You still froze. I really want to hurt me to death together!!!”

Lin Ziming looked at Wang Shougui with deep eyes and said, “Pharaoh, I think you have done so much for Michelle, this time I won’t care about you. Now, you don’t have to talk, leave everything to me, I will use my actions to tell you why I have the guts to enter the security industry.”

After that, he pushed Wang Shougui away, walked out again, facing Yan Chuang, and said: “Yan Chuang, maybe you haven’t heard my name before, it’s okay, starting today, I will let you Beitianhui All down, I will be scared when I hear my name.”

After saying this, a torrent of weather suddenly radiated from his body, which swept everyone.
