

Chapter: 605

This is an incredible thing. You must know that Chu Fei has always been very confident in her appearance. No matter what beauty she encounters, she has confidence to compare. But the woman in front of her, she had no confidence.

In fact, the other party was too pretty and so good-looking, her face was absolutely perfect, with no trace of flaws, she had never seen a woman with this look.

Especially the temperament of the other party, just like a fairy, not eating the fireworks in the world, Chu Fei even suspected that if she blinked, the other party would immediately disappear from her, taking advantage of the virtual wind.

This woman is naturally a neon dress, she has come to Chu Fei.

While Chu Fei was looking at her, she was also looking at Chu Fei and nodded secretly in her heart. The woman that Ziming's brother was looking for was quite beautiful, surpassing many women in the organization.

She faintly glanced at the two subordinates behind, and said with a smile: "I can't see that you are quite cautious in doing things, and I will ask two subordinates to look at you. However, you are still too careless. If I want to deal with you, your two subordinates won't be able to help at all."

When she said this, Chu Fei immediately became nervous, and she subconsciously signaled to call the police to the two subordinates. But she held it back, because her instinct told her that the other party was not hostile to her.

"Who are you?" Chu Fei asked seriously.

Such a beautiful woman, with such outstanding temperament, absolutely impossible to be an ordinary person, let alone to come to her casually!

Nishang said: "My name is Nishang, and I am Lin Ziming's sister."

Chu Fei was surprised at this time. In her impression, Lin Ziming was an only child and had no elder sister.

"Are you kidding me, Ziming is an only child, he doesn't have an older sister." Chu Fei said.

Nishang did not go to explain, she said: "I came here just to see you, don't be afraid."

Chu Fei straightened her body and said, "Who said I was scared?"

Nishang smiled faintly, and said: "Originally, you are not worthy of him on my brother's terms, but he loves you very much. You are not bad, so I won't intervene. Okay, you go back."

Chu Fei felt inexplicable, and said, "You came here specifically to tell me this?"

"No, I just want to see you." Nishang said: "By the way, I tell you, be mentally prepared. In the future, my brother will be extraordinary, will

achieve a great cause, and life will be very turbulent.”

In her mind, Chu Fei felt that the neon clothes were ridiculing, but she still believed in the words of the neon clothes. Combining with Lin Ziming’s performance during this period, Chu Fei also thought that Lin Ziming would be extraordinary in the future and spend time with her. There will be fewer and fewer.

She is a smart person. She has actually understood what Nishang wants to express. She said, “Don’t worry, since I chose Ziming, I will always choose. Also, are you really Ziming’s sister? Why didn’t I hear him talk about you.” Nishang said: “He hasn’t seen me yet.”

Chu Fei was dumbfounded: “???”

She wanted to say something more, and Nishang continued: “Okay, go back and remember what you just said.”

Then, Chu Fei felt a flower in her eyes, and when she opened her eyes again, the neon clothes were gone. She opened her eyes wide, and thought she was hell!
