

## Chapter: 606

After a while, she came back to her senses, secretly said a monster, and then walked back.

“Did you see the woman in red who was chatting with me?” Chu Fei asked the two subordinates.

Both subordinates replied that they saw it, and there were no surprises or abnormalities in their expressions, and they looked very ordinary.

This made Chu Fei murmur even more, but she also didn't ask more deeply. With full of doubts, Chu Fei returned home, Lin Ziming was reading the newspaper in the living room, and seeing her coming back, he greeted her actively and took her bag.

Chu Fei felt Lin Ziming's gentleness towards her, and her heart was particularly warm.

Several times, Chu Fei wanted to ask Lin Ziming if she had an older sister, but every time she reached her lips, she held back her words without saying anything. Lin Ziming was so keen, he quickly felt what was on her mind, and asked, “Do you have anything you want to ask me?”

“Ah? No.” Chu Fei shook her head and lowered her head to eat.

She betrayed her even more like this, Lin Ziming stopped and asked seriously: “What happened? Tell her husband.”

Chu Fei raised her head, after thinking about it, she still said, “Do you have a sister?”

Now it was Lin Ziming's turn to be surprised. He has always been an only child. When did he have an extra sister?

“No, I'm the only child.” Lin Ziming thought of something and said, “Why, did someone pretend to be my sister today and came to look for you?”

Chu Fei nodded and said: “She claims to be your elder sister, she is very beautiful, she said she is called Nishang.”

“Neon clothes?” Lin Ziming frowned deeper. He had never heard of this name before, and he didn't even have an older sister.

“Really, what did she tell you?” Lin Ziming asked curiously.

Chu Fei said what happened today. After Lin Ziming heard it, a sharp light flashed in his eyes!

Can disappear in front of Chu Fei in a blink of an eye, that must be a master of the innate realm.

The first thing Lin Ziming thought of was the people from the North Sky Club.

But immediately, he overturned this conjecture. If it were from the Northern Sky Club, it would definitely not be possible to let Chu Fei go easily. Besides, how arrogant a master of the dignified Innate Realm could do such a downgrade thing.

Then, there is only one possibility left. This person who claims to be his

sister is from the Luo Tian organization!

Thinking of this, Lin Ziming inevitably became nervous.

During this period of time, Luo Tian organization has been like a big mountain, pressing on his heart, always forcing him to make progress.

Before, there was a Lu Dongbin, which was already powerful enough, and now there is a super master of Innate Realm! Where did Lin Ziming relax? The most important thing was that he didn't know whether the opponent was an enemy or a friend.

Seeing Lin Ziming's solemn look, Chu Fei said, "Ziming, isn't this woman your sister?"

Lin Ziming thought for a while and said, "It should be my sister who has been long-lost. I believe she will come to me soon, don't worry, it's nothing."

Chu Fei relaxed a little now, and said, "That's good."
