

Chapter: 608

The North Sky Club branch was silent, and no one dared to speak at this time, provoke Gu Hanxing.

Now Gu Hanxing is so angry that he wants to burn his body. This Lin Ziming is so deceiving! He didn't even bother to find this guy, but it didn't matter if this guy didn't run away, he even dared to find his place to play on the court!

With Gu Hanxing's violent temper, Lin Ziming couldn't bear it, and immediately wanted to rush to Ziqiong Media to catch Lin Ziming and beat him to death.

But reason stopped him, took a deep breath, and cursed harshly: "You dignified the chief of a branch, let Lin Ziming kick the court by himself, how did you do the chief!"

Yan Chuang was very upset, but he didn't dare to talk back. Who made Gu Hanxing Gu Xuan's precious son? He said bitterly, "Master Gu, it's not that I don't use it, but this Lin Ziming is too powerful, so many of us. No one can beat him. I think, only a talented genius like Master Gu can cure him."

When Gu Hanxing heard Yan Chuang's flattery, his face looked good, and he nodded and said, "That's true, Lin Ziming is really hard to deal with, so Master, I can perfectly crush him."

Yan Chuang nodded quickly in agreement: "Yes, yes, what the young master said is extremely true."

"Okay, you don't need to flatter me, tell me, what is Lin Ziming's specific strength, has he reached the innate state?" Gu Hanxing said with some fear, even though he has taken the best cleansing pill now, However, the effect of the medicine is still not completely digested, and it is still a little bit away from the innate realm.

If Lin Ziming is already in the congenital realm, then he is not Lin Ziming's opponent, he has to rely on his father Gu Xuan's power to get revenge.

"Congenital realm?" Yan Chuang was startled, then shook his head and said: "There is no, there should be no. In him, I don't feel the suffocating aura of President Gu looking over the world."

Hearing these words, Yan Chuang breathed a sigh of relief. As long as Lin Ziming was not in the congenital realm, he would be confident to defeat Lin Ziming.

Thinking about it carefully, he also felt that he had been worrying too much. Innate realm, how could it be so easy to reach! He still didn't hold on to such a tough will. In the end, he relied on the protection of his father Gu Xuan to barely survive. Now he is only half a step away from the innate realm.

But what Lin Ziming auctioned off was the superb cleansing pill. The effect was even more terrifying, which meant that the pain he suffered after taking

it was also heavier. How could Lin Ziming's little white face have this will to survive?

After thinking about it, he was much more relaxed. He planned to find Lin Ziming's troubles in the near future. Now his strength is much stronger than before. As long as he meets Lin Ziming again, he is guaranteed to abuse Lin Ziming to the death. .

Thinking of that scene, he couldn't help but cheer up.

.....
In the past two days, Lin Ziming briefly idled down again, concentrating on consolidating his realm.

He knew that such a leisurely life would not last long. He went to the branch of the North Sky Club to play, and the North Sky Club stable would come to him for trouble.

These are all in his expectation, saying that so many are all false. The most important thing is to improve one's strength. Only when you are strong can you take the initiative.

If he guessed well, Gu Hanxing would come to trouble him next.

And now Gu Hanxing probably didn't know that he had reached the Innate Realm, thinking that he could stabilize him.

This is a good thing, when Lin Ziming broke out and slapped Gu Hanxing in the face severely.

During this period of time, Lin Ziming focused more on investigating the existence of the Luo Tian organization, but he disseminated his own information, and there was still no trace of the Luo Tian organization, as if there was no such organization.

You must know that his current energy cannot be underestimated in society, but the Luo Tian organization is still not found. It is conceivable how mysterious the Luo Tian organization is, it is no wonder that even Tao Sanniang does not know the Luo Tian organization.

As for the neon clothes, during this period of time, Lin Ziming also did not perceive the other party's existence, not sure if the neon clothes' martial arts were much stronger than him, or he was no longer in Hwaseong.

Wang Shougui was very efficient in handling affairs. He found a new office building in only two days, and he had obtained many documents.

After Lin Ziming's performance that day, recruiting people is much easier now.

As a security company, the main core thing is military force, and Lin Ziming's personal training is certainly not much different.
