

Chapter: 610

Lin Ziming did not go on, but began to close his eyes and rest his mind. In fact, Lin Ziming knew that during this period of time, Chu Tian didn't have much trouble outside, but Lin Ziming was very busy and couldn't spare the time to take care of him. Now that he is catching up, Lin Ziming will take good care of him. Take care of it.

Chu Tian saw that Lin Ziming was determined to rush over, and he was so anxious that he would cry, and he regretted it. He had known this result earlier, so he shouldn't have called Lin Ziming!

Now that Lin Ziming closed his eyes, he didn't dare to bother him anymore, with an expression of hopelessness.

"Brother Feng, do you think Chu Tian dare to come?"

In the open space a few hundred meters away from the school, there are already a dozen people standing there. There are clouds and fog, and you can see that they are bad young people. Among them, three of them are still very burly middle-aged people with a fierce face. , Doesn't look like a good person.

With a cigarette in his mouth, Qian Feng took a fiercely and said with a grinning smile: "Don't worry, Chu Tian will definitely come. Last time I showed weakness to him, he thought I was really afraid of him. , Now I invite him to singles out. With his pissiness, he will definitely come."

Immediately a little brother flattered and said, "Haha, if Chutian really dares to come, he will be dead!"

"Recently, Chutian made some money by relying on his brother-in-law to dominate the outside world. Last time he beat Xiao Shuang and had a lot of girls. It was very arrogant. I saw his comparison. I want to kill him!"

"Yeah, I'm not pleasing to see him now, grass!"

Qian Feng's expression became dark, and he grinned twice, and said, "Huh! How long can he stay? Today I specially invited three masters to come over, and they can beat more than a dozen of them. His brother-in-law is also a waste. His brother-in-law wants to be honest. I dare to come over, I will fight his brother-in-law together! I didn't even settle accounts with his brother-in-law about the last time!"

After Qian Feng finished speaking, he flicked the cigarette butt on the ground fiercely, and stepped on it with his right foot, as if the cigarette butt was Chu Tian's brother-in-law.

Last time he was severely taught by Lin Ziming, he was holding his breath all the time, wanting to take revenge, and now he has caught the opportunity, he must let his anger come back!

Thinking of this, he was very excited, and said to the three masters, "Uncle Xiong, Chutian's brother-in-law may also come later. This guy is a practising fellow and has a bit of three-legged cat kung fu, do you have any problems?"

Uncle Xiong said disdainfully: “Lianjiazi? I’m fighting Lianjiazi! Xiaoqian, don’t worry. With your Uncle Xiong, you will definitely beat your enemy down today and kneel in front of you to apologize for mercy. .”

After finishing speaking, Uncle Xiong punched out, punching a clear fist mark on a wall next to him, with a huge bang, and seeing Qian Feng and other young people stare wide, full of admiration.

Qian Feng was even more excited. He seemed to have seen the scene of Chu Tian and Lin Ziming kneeling in front of him begging for mercy. Then he would have to take pictures of them and post them on the campus website for everyone to see. Here, the king is still Qian Feng!

Compared with Qian Feng’s lofty ambition Lingyun, Chu Tian is in a different mood. Now he is particularly nervous and uneasy. The closer he gets to the school, the paler his face, and even cold sweats.

Lin Ziming saw him like this and said, “Are you scared?”

Chu Tian squeezed out a smile that was even more ugly than a smile, and said, “No, there is no such thing.”

Lin Ziming shook his head and was very disappointed with Chu Tian, who was also born by a parent. Chu Tian was really bad compared to Chu Fei. He had no other ability except pretending to be a girl and making trouble all day long.

“Brother-in-law, should we go back? I was really wrong, please...” Chu Tian begged.

Lin Ziming said: “Why, you are also an adult. When you encounter some difficulties, you just panic like this. How can you come out and make trouble in society in the future.”

Chu Tian said with a sad face, “I thought you would invite a lot of bodyguards to escort you, who knows that you don’t even have a bodyguard.”

“Then go and reason with him.” Lin Ziming said.

Chu Tian was even more panicked when he heard it. He was reasonable. Who was Qian Feng? If he could be reasonable, would he still be so scared.
