

## Chapter: 614

Quiet...

The surroundings suddenly became quiet, and no one thought that the battle would end so quickly.

Especially the two middle-aged people who were with Uncle Xiong, their eyes stared out, and now they realized what kind of horrible existence they provoke!

Lin Ziming's eyes swept over, and their hearts were broken, and they turned and ran.

They are definitely not Lin Ziming's opponents, they still have this point of self-knowledge.

But will Lin Ziming let them go?

The answer is obvious.

will not.

They just ran two steps, they felt their body light, neck pain, they were actually lifted up one by one by Lin Ziming, and then thrown back casually and fell to the ground. , Can't stand up anymore.

Then Lin Ziming walked back slowly and said to Chu Tian, "This time I will wipe your butt, and next time, if you are outside to cause trouble, I will interrupt your legs, you know?"

Guru!

Chu Tian swallowed heavily, his eyes looking at Lin Ziming were completely different, full of admiration and shock, he nodded heavily, and said, "Brother-in-law! I know, I won't cause trouble again, you say. To the east, I would never dare to go west!"

"Well, then you go to school." Lin Ziming nodded lightly.

"Brother-in-law, I don't want to go to school now, or I will learn martial arts from you, my requirements are not high, I just want to learn half of your skills, I will be satisfied." Chu Tian rubbed his palms and said excitedly.

Lin Ziming's eyes were cold, and he said, "Are you taking my words as the breeze?!"

Chu Tian shuddered instantly, and became frightened, obediently, now the majesty of brother-in-law is getting more and more full. Chu Tian didn't dare to beep anymore, and hurried to the school to go to school. Now he was very excited and knocked down Qian Feng. From now on, he will be the boss in the school.

Qian Feng and the others regretted their deaths, and they were extremely afraid of Lin Ziming. They wondered why Chu Tian's brother-in-law was so arrogant. Isn't the school rumoring that Chutian's brother-in-law is a door-to-door son-in-law, or a waste. Damn, they are all liars, can they be so good at being useless.

At this moment, Lin Ziming was about to get in the car and go back. Suddenly, he sensed something, frowned slightly, and looked in one direction...

At two o'clock in his direction, a black Range Rover appeared. A few people walked down from above. One of them was a familiar face, not who, it was Gu Hanxing. He was wearing sunglasses and came over jokingly. While applauding, he joked and said, "Lin Ziming, you really have you. He went to the university to bully some college students. Tsk tsk, I am really embarrassed for you."

Lin Ziming was a little surprised, but after thinking about it, I didn't feel surprised. Now Gu Hanxing must have known about his playing in the North Sky Club branch. Huacheng is also so big. With Gu Hanxing's energy, he wants to It is not difficult for him to find out.

"Gu Hanxing, your strength has improved, not bad." Lin Ziming commented to Gu Hanxing. At a glance, he could see that Gu Hanxing had taken Xisui Pill, and the meridians and five internal organs had been greatly improved, but there was still no congenital one. Circumstances, I'll give you a kick. However, even if Gu Hanxing reached the Innate Realm, he would not be his opponent.

The three of them, Uncle Xiong lying on the ground, felt the aura of Gu Hanxing and the others, and they were all frightened. They shook their feet on the ground and didn't dare to move. They just pretended to be dead. Now they regretted their deaths and realized that they had provoke some horrible existence.

As for Qian Feng's more than a dozen college students, it goes without saying. Some people have even peed their pants in fright, which is particularly embarrassing.

Gu Hanxing came over. He took off his glasses and stared at Lin Ziming. He made no secret of his hostility and murderousness towards Lin Ziming. He said, "Lin Ziming, dare to come to Lao Tzu's site to coax things and beat Lao Tzu's people. Injury, I think you are tired of living, right?"

His murderous aura exuded, just like the essence, it was a devastating oppression for Qian Feng and others, causing them to stop their brains one by one, gasping for breath, lying on the ground, shivering.

They are all ordinary college students, pure ordinary people, where have they ever seen a master at this level?

Lin Ziming grinned and said, "Gu Hanxing, I admire your courage, and dare to come and look for me. I now suspect that you were picked up by your father Gu Xuan, not his biological son, and he let you die."

When Gu Hanxing heard this, he became even more furious. The blue veins on his neck burst out, and he cursed loudly: "You are looking for death!"

The momentum on his body was condensed to the extreme, and he clenched his fist tightly, ready to attack Lin Ziming.
