

Chapter: 622

Lin Ziming originally didn't want to have the same knowledge as these three second generation ancestors, so he forgave them when he waved his hand.

Immediately, Ouyang Feng waved his hand, sent them away, sat down personally and made tea for Lin Ziming, which made Lin Ziming even more uneasy, and quickly said: "Old Mr. Ouyang is polite, and I can't help you make tea for me personally. The juniors can't afford this!"

Lin Ziming has always been a very educated and polite person. From beginning to end, Ouyang Feng has been very kind and enthusiastic towards him. How could he be ashamed to let an 80-year-old man make tea for him? Drink it, and quickly stop it and dare not accept it.

Ouyang Feng Ho Ho smiled, but he didn't want to force him. He admired Lin Ziming's eyes even more, and said, "Well, since Lin Dong has shown the old man's face like this, the old man is not hypocritical. Come on, learn the sea. , You come to make tea for Lin Dong."

Ouyang Xuehai came over and started to make tea.

This is the study room in Ouyang's family that specializes in entertaining guests. The area is very large, with dozens of square meters. The study room is full of various antiques, calligraphy and painting, and there are many books. I know Ouyang Feng is very thoughtful. , A very high-level person.

"This is the ugly master, it is indeed a dragon and phoenix among the people. I just neglected the ugly master, I am sorry." Ouyang Feng said with a smile. The ugly master quickly said: "Older Ouyang is polite! Older Ouyang can call me a clown. I am here with the young master. If you have any problems, you can talk to my young master directly, without considering my existence. "

Ouyang Feng nodded, set his eyes on Lin Ziming again, and said, "Dong Lin..."

Lin Ziming interrupted him quickly and said, "It's fine for Mr. Ouyang to call me Ziming."

"Well, Ziming, speaking of it, it's not the first time we met, do you remember?" Ouyang Feng said with a smile.

Lin Ziming's heart tightened, knowing that the subject was coming soon, he remained unchanged on the surface, and politely accepted the tea brought by Ouyang Xuehai, and said with a smile: "Remember, when I was very young, old gentleman I've been to the Lin's house and hugged me. I thought the old gentleman had forgotten about this, so I dare not mention it, ho ho."

Ouyang Feng's eyes flashed some reminiscences, and he said, "Yes, many years have passed in a blink of an eye. At that time, your grandfather Lin Changtian was still alive, and your grandfather and I were good friends. Now things are different. , Your grandfather is gone, and I also lost a close

friend.”

Lin Ziming heard these words, his nose was a little sour, he resisted, did not express his grief too much, and said: “Old gentleman, if grandpa is in the spirit of heaven, he will be very happy if he knows you still remember him in your heart. !”

Ouyang Feng smiled slightly, did not speak, looked at Lin Ziming deeply, then sighed, and said guiltily: “Ziming, I am sorry for you. After your grandfather left, there was no I will take you over as soon as possible. I hope that Ziming will not hate the old man in your heart.”

Lin Ziming shook his head and said, “The old gentleman is serious, how can I hate you?”

“Ziming, you are a good boy. You have suffered so much over the years. It’s hard for you.” Ouyang Feng said, “If you don’t dislike me as an old man, why don’t you call me Grandpa Ouyang?”

Lin Ziming was really shocked when he heard these words. Ouyang Feng is a very important figure in the province of G. He is the chairman of Shengyang Group and the former president of the Chamber of Commerce in G. The energy is all there, and the most important thing is that even the senior officials of Huaguo have to give Ouyang a little bit of face!

Now you actually want to take the initiative to win Lin Ziming, and let Lin Ziming call his grandfather? If this spreads out, it will definitely cause a lot of shock!

Lin Ziming now knows how many jins and taels he owns. Even if he is the chairman of Ziqiong Media, he has tens of billions in his hands. But according to his social status and energy, he is still a big figure like Ouyang Feng. Incomparable.

To put it bluntly, he dared to offend Beitianhui, but he did not dare to offend Ouyang Feng, because Ouyang Feng is no longer as simple as a pure businessman. The kind of social status and connections behind him cannot be accumulated overnight. Arrived.
