

## Chapter: 623

The simplest, Ouyang Fenghun's circle is not as superficial as the business circle. Which of Ouyang Feng's friends is not the great power of China?

So time, Lin Ziming was also very horrified. After a while, he came back to his senses and said: "Old Mr. Ouyang, I will have grievances with Beitian now. Are you afraid of offending Beitian Association if you are like this?"

When Lin Ziming said this, he was frank and temptation.

Ouyang Feng laughed loudly, "What will Beitian do? If it is the old man who wants to protect him, how dare he Beitian?"

When he said this, he was full of domineering and self-confidence, and he didn't put Beitian in his eyes.

Lin Ziming could hear that Ouyang Feng was not bragging, he really had this confidence.

But the more this happened, the more it made Lin Ziming confused. He and Ouyang Fengfei were not related to each other. Strictly speaking, this was the first meeting between them. Why did Ouyang Feng try to woo him like this? It makes sense.

Is it really because of the friendship with Grandpa Lin Changtian?

Soon, he also threw this idea out. There was no possibility that his grandfather had passed away for almost five years. If Ouyang Fengzhen and his grandfather were close friends, how could he come to him now?

Obviously, it is because of his value.

As for what value in him, so does Ouyang Feng value it?

Lin Ziming thought about it a little bit, and he probably thought of it, he just fell in love with the strength of the innate realm, right?

After all, don't look at the size of Ouyang's family, but looking at the entire Ouyang family, you can't find a few masters of the innate realm! There may even be none of them!

However, since Ouyang's words are all about it, what kind of friendship does he have, and he shouted directly, "Grandpa Ouyang!"

"Good, good!" Ouyang Feng was very happy, looking at Lin Ziming's eyes with more appreciation and eagerness, and said: "I don't think I can have such an excellent grandson before Ouyang Feng Daxian, the old man will be worth it in this life. what!!"

Ok? What the hell, grandson?

Lin Ziming snorted, that bad premonition came again, and asked, "Grandpa Ouyang, why did I become your grandson? Did you make a mistake?"

"There is no mistake, no mistake." Ouyang Feng said with a smile: "I have a granddaughter who is beautiful and beautiful, but she has a cold and arrogant personality. I have always been worried about her marriage. Now I meet you Ziming. Grandpa has seen the best of so many young people. So I plan to introduce our daughter-in-law to you. Our grandfather and

grandchildren will kiss each other, do you think it's okay?"

Fuck...

Lin Ziming cried out in his heart.
