

Chapter: 628

Gu Hanxing couldn't help laughing, especially proud of Lin Ziming being beaten by him in the crowd.

With a bang, Gu Hanxing slammed a big tree half a meter in diameter, and directly cracked the tree, losing its vitality. A cold expression flashed in Gu Hanxing's eyes, and he said with a sneer: , Can you stop my punch?"

The few sparring partners next to him turned pale and trembling when they saw this horrible punch from him.

Gu Hanxing put on a windbreaker and laughed twice and said, "Go, I heard that the newly established security company, chairman of Ziqiong Media, is about to cut the ribbon today. Let's go and congratulate him!"

Wang Shougui's work efficiency is very high. After half a month, he has completed all the programs, and now he can open it directly.

Lin Ziming has a very low-key personality. He originally didn't think about how many people he would invite and how grand the scene would be, but he still underestimated his appeal in Hwaseong.

Many people came uninvited after learning this message just to please him, so on the day when he cut the ribbon, many people came to congratulate him and gave him many valuable gifts.

The first visitor was Guo's family. Guo Yuanjia gave a gift and a gilded plaque to celebrate the opening of Lin Ziming's new company.

"Mr. Guo, why did you come here too, you are not greeted well, please forgive me, Mr. Guo."

Lin Ziming took the initiative to greet him and said, accepting the gift from Guo Yuanjia.

After not seeing him for a while, Guo Yuanjia's complexion improved, and he even looked a few years younger. Obviously, he had a pretty good life during this period. Lin Ziming learned that since the fall of the Huang family, the reputation of the Guo family has not only diminished, but has become even stronger. Many bosses in the circle have also sold the Guo family's face even more, so the business has improved.

This is because the Guo family is taking a walk outside, and Lin Ziming and his daughter Guo Junyi are in a relationship, and there is a tendency to get married. To put it bluntly, the Guo family has benefited from Lin Ziming. Now that Lin Ziming's new company is opened, he will definitely come over.

Guo Yuanjia laughed loudly: "Hey, today is your great day for Ziming. How can I not come? Here, I wish Ziming your new company will become more prosperous, step by step, and be the best in the province as soon as possible. !"

In fact, Guo Yuanjia does not quite understand why Lin Ziming crosses the border so much. He obviously works as an entertainment company. Now he

has come to work as a security company. The difference between the two is too great.

However, he also believed that Lin Ziming had made such a choice because of Lin Ziming's consideration.

Lin Ziming smiled and said, "Thank you, Mr. Guo."

Guo Yuanjia pretended to be displeased and said, "Ziming, Mr. Guo is too outspoken. If you don't dislike it, please call me Uncle, how about?"

In fact, Guo Yuanjia said this, with some risky elements. If Lin Ziming rejected him, then his face would be lost. Now there are many friends in the circle watching here.

Why didn't Lin Ziming know what he was thinking? He smiled and called to his uncle.

Guo Yuanjia immediately relaxed and his face was delighted.

Guo Junyi also came here, she stood beside Guo Yuanjia obediently, her eyes were not taken away from Lin Ziming, as if she was about to melt Lin Ziming's whole person.

Lin Ziming looked very embarrassed.
