

Chapter: 630

Not far away, Guo Junyi saw this scene, gritted her teeth with anger, she kept pulling the petals of the flowers in the vase, and gnashed her teeth and cursed: “Vixen, shameless vixen!”

At the same time, she stared at Tao Sanniang and Lin Ziming with murderous eyes. In her eyes, the two of them were already male and female. Lin Ziming’s heart hurts. What’s this? He obviously doesn’t have that kind of relationship with Guo Junyi and Tao Sanniang. Why did he do it like a scumbag? It’s really depressing!

“Thank you, you don’t need it.” Lin Ziming said lightly, and at the same time he warned Tao Sanniang in his eyes to tell her not to mess around. Today is the big day for his new company to open.

However, Tao Sanniang was not afraid of him at all, she showed more resentful eyes, and bit her lip lightly, her eyes seemed to have some more tears. Her appearance is even more lethal to so many men present. It’s huge! “Dong Lin, did you forget me so quickly? I even came here to congratulate you. It’s so sad.” Tao Sanniang said bitterly.

Lin Ziming: “.....”

The corners of his mouth twitched twice, this Tao Sanniang was too much, isn’t it purely misleading!

Just look at the expressions of these people around you. I already think that Lin Ziming and Tao Sanniang have that kind of ulterior secret.

“Boss Tao, don’t be joking. I have only met you three times this time. It won’t be good for your husband to misunderstand by then. You say yes.”

Lin Ziming said with a friendly smile, his eyes Some light flashes in it.

Tao Sanniang knew that Lin Ziming was warning her. She accepted it as soon as she saw her. She smiled and normalized immediately, and said, “Dong Lin, I just made a joke with you just now. Yuntian Pavilion hopes to maintain a long-term cooperative relationship with Lin Dong. , The next time the Yuntian Pavilion auction opens, I will go to Lin Dongduo to play more.”

What she said was the difference between explaining and not explaining, which made people even more misunderstood.

Lin Ziming had no way to deal with her now, so he had no choice but to bear it.

Then, many people came to present gifts to congratulate Lin Ziming.

To Lin Ziming’s surprise, people from the Chu family also came. Chu Guodong, Chu Huayou, and Chu Hao all came over with presents, obviously with some nervousness on their faces, and gave Lin Ziming gifts and congratulations.

However, the expressions on their faces are a bit embarrassing, especially Chu Guodong. He is now laughing dryly. As the Patriarch of the Chu family,

he didn't bury Lin Ziming very much before. He thought that Lin Ziming was the shame of the Chu family. If Ming kicked out of the Chu family, who would have thought that one day Lin Ziming would post something like this, the boss of three big companies.

As for the father and son Chu Hao, they are not much better. Now they see so many big people, the big bosses have come to give gifts to Lin Ziming, and they are obviously flattering. They are nervous and nervous, for fear that Lin Ziming will bear grudges. If you find their troubles, then they can't bear it!

There are other Chu family members, they are also very nervous and nervous, and they don't even dare to look into Lin Ziming's eyes.

If this were changed before, they would not have thought that such a day would happen if they were killed.

Lin Ziming was very emotional when he saw them coming. Before he was in the Chu family, he was indeed less angry and less insulted.

Now he has grown into an existence beyond the reach of the Chu Family, and he can easily kill the Chu Family with his fingers.

"Ziming, you are so proud now. It is the pride of our Chu family. Grandpa gave some gifts here. I wish Ziming your new company will be prosperous and prosper as you continue to grow. At the same time, I wish you a better career and an early entry into the country. The rich list." Chu Guodong personally came over to give Lin Ziming a gift, and said with some embarrassment.
