

## Chapter: 631

Then, Chu Huayou, Chu Hao and other Chu family members also gave Lin Ziming congratulations, saying congratulations. They kept their posture very low, with obvious anxiety and awe. Now Lin Ziming is what they want to look up to. exist.

Especially for Chu Hao, he is actually more afraid now, because he used to bully Lin Ziming the most, and even the worst, and even burned Lin Ziming with his cigarette butts. Now Lin Ziming has transformed himself into a super boss, casually A super existence that can squeeze him to death with a single finger, there is no reason why he is not afraid.

Lin Ziming accepted their gifts immediately, but with a calm expression, squinting his eyes slightly, looking at them deeply.

Because of Lin Ziming's move, they have become more nervous and fearful! Even Chu Guodong couldn't help getting scared, his face paled a lot.

Not to mention Chu Hao and the others. Now they regret it. If they knew it, they would not come to congratulate Lin Ziming.

Lin Ziming suddenly laughed when he saw them look like they were terrified. He thought it was funny.

He didn't continue to embarrass Chu Guodong and others, but he didn't even pick up the gifts in person. Instead, he asked his subordinates to pick up the gifts and replied, "Thank you very much."

Other than that, there is nothing more to say.

While this made everyone in the Chu family relieved, they also felt very disappointed and regretted.

Lin Ziming is embarrassed for them and prevents them from getting up the stairs, but he is also very cold towards them. They want to hug Lin Ziming's thigh, I am afraid it is impossible. Who let them bully Lin Ziming this way for the past four years? Now all of them have regretted their intestines.

Today's opening ceremony was held very successfully and grandly. It can be said that two-thirds of all the bosses in Hwaseong have come to join us, and the atmosphere is very warm.

At this moment, Lin Ziming felt something, his eyes narrowed, he looked in one direction, and suddenly saw a familiar face, walking out of the crowd.

No one, but Gu Hanxing.

He was more than one person, followed by more than a dozen horses, all masters of the Northern Sky Club, who were coming fiercely, and at first glance they knew that they were coming to make trouble.

"Hahaha, Lin Ziming, I said you are too interesting! Why don't you ask me to come over for such an important face today, and give you a good congratulation!"

Gu Hanxing laughed, and walked from the crowd at a pace that his six relatives did not recognize. Everyone who stood in front of him was roughly

pushed away by him. Whoever is angry and dares to swear, is directly knocked out by him, it can be described as overbearing to the extreme!

When Wang Shougui and the others saw him, their eyes immediately changed, showing a look of awe and anxiety, “No, Gu Hanxing came here to make trouble!”

There were many people present, and they were obviously taken aback when they saw this scene, and then they all reacted, Gu Hanxing and the group of people are here to smash the scene!

In a short while, Gu Hanxing came out from the crowd, walked in front of Lin Ziming, and kicked a sign next to Lin Ziming to explode, “Establishing a new security company? Are you worthy of Lin Ziming?”

Speaking of this, the smell of gunpowder is full.
