

Chapter: 636

With just one punch, Lin Ziming defeated Gu Hanxing.

It can be said to be clean and tidy, and it is almost at its extreme, so that everyone present is stunned, and will not be able to recover for a while.

In the first two or three minutes, Gu Hanxing had the upper hand and sent a stormy attack, while Lin Ziming was completely at a disadvantage, and there was no room for resistance. Anyone with a discerning eye knew that Lin Ziming was inferior to Gu Hanxing, and it was only a matter of time before he lost. .

They all thought about it. If Lin Ziming really loses to Gu Hanxing, then what awaits him is ruthless humiliation, and his reputation will plummet and become a joke.

However, Wan Wanzhen thought that the reversal came so fast, Lin Ziming solved the battle in the blink of an eye, and he directly defeated Gu Hanxing with a light punch.

Many people at the scene stood up awkwardly. Guo Junyi had been squeezing her fists and was very nervous. Now that she saw Lin Ziming had won, she jumped up, her face was extremely excited, even flushed with excitement. Shouted: "Great! I know that Ziming is the best!"

Tao Sanniang's reaction was not small. She also stood up, shocked, and yelled out of her mouth, "The congenital realm! Lin Ziming actually broke through the congenital realm! Oh my god, no In the congenital realm at the age of thirty, this..."

She couldn't say anything specific to describe it later, which really shocked her too much.

As a person in the circle, she knows exactly what the innate realm represents, she is absolutely king! Stepping into the Innate Realm means that it is no longer a mortal, but a transcendent. There are billions of people in the world, and those who can reach the Inborn Realm are less than triple digits. And most of them are over forty years old, like Lin Ziming, reaching the congenital realm under 30 years old, it is incredible, it can be called a miracle.

Xu Hua and the others also yelled in excitement, especially excited. They believed in Lin Ziming's strength, but the strength shown by Gu Hanxing was also not to be underestimated. They were all practicers, and they began to see that Gu Hanxing was Super masters indeed have the ability to single out dozens of them.

At first Lin Ziming dodged and was at a disadvantage, but worried them to death, his heart was raised in his throat.

They couldn't imagine that if Lin Ziming really lost, how much impact would it have on their new company!

Fortunately, Lin Ziming proved himself with a powerful fist, and Gu

Hanxing vomited blood with one punch.

In other words, Lin Ziming had been dodging just now, he was only playing with Gu Hanxing, and he didn't care about it at all.

To say that the shock was the most shocking, it had to be Gu Hanxing. Lin Ziming's punch broke his intestines. An Jin ran around in his stomach, the pain was extreme!

With one punch, his combat effectiveness was stunned. How strong is Lin Ziming?

He understood the fact that Lin Ziming had taken that superb cleansing pill and had successfully broken through to the innate realm! That's why Lin Ziming was so calm in the face of his smashing place, and he dared to single out with him in front of so many people! This is Lin Ziming's conspiracy!

Lin Ziming solved Gu Hanxing with a punch and walked slowly over. When Gu Hanxing wanted to turn around and escape, he shot directly, grabbed Gu Hanxing's clothes, and then slammed him to the ground with a bang to the ground. The tiles on the top are cracked.

It can be said that Lin Ziming's fall directly stunned Gu Hanxing, and his bones fell apart.

The most terrifying thing is that Gu Hanxing originally wanted to hit the innate realm within half a month. Just now, Lin Ziming broke Gu Hanxing's "foundation" with such a fall. Gu Hanxing would never want to break through again in this life. Innate realm.

Then Lin Ziming stepped on Gu Hanxing's chest, not letting him get up, staring at him condescendingly, and said, "Gu Hanxing, I forgot to tell you that I have taken that superb cleansing pill, and now I'm in a congenital state. You are just the pinnacle of the day after tomorrow. A waste like you is just a stronger ant."
