

Chapter: 638

Gu Hanxing finally left in a desperate manner, completely becoming a joke. And with his reputation, he has completely achieved Lin Ziming's reputation, and raised Lin Ziming's already hot opening ceremony today to an unprecedented level!

All of a sudden, more people came to please Lin Ziming.

At the same time, a reputation spread quickly in the circle: Lin Ziming, Ziqiong Media, Tengyue Group, including the chairman of the newly established Aegis Security Co., Ltd., is a martial arts master with particularly strong fighting ability. ! He is really a legend in Hwaseong City and even G province.

In the audience, the Chu family, and now the eyes of Lin Ziming are more jealous and fearful, especially Chu Hao, his legs are shaking now, and he is extremely frightened when he thinks that he has humiliated Lin Ziming in this way before. She trembled and slapped herself twice!

How could I be so stupid, a dog doesn't know Taishan, and I can't tell Lin Ziming is such a powerful person. Now he keeps praying, Master Lin Ziming has a lot, so don't be familiar with him.

Lin Ziming's defeat of Gu Hanxing was something that was expected. In fact, he didn't have any strength. However, the effect achieved is still very obvious and can be imagined. After today, his reputation will be even stronger.

Now that it just opened, many big bosses in the circle have come to place orders for him. Book in advance. One is to see the strength of Lin Ziming. I believe that the team brought by Lin Ziming must be outstanding. The second is also for Lin Ziming. court.

The forces of the Northern Sky Society in the south are in full swing and should not be underestimated. For the entire Hwaseong City forces, they are all giants.

In fact, many big bosses in the circle hired the security of the Beitianhui. Because it is the monopoly of the Beitian Club, the asking price is particularly high, and each of these bodyguards is still rebellious. Invisible, many big bosses are dissatisfied with the Beitian Club. It's just because the Northern Sky Society is too powerful, they don't dare to show their dissatisfaction, let alone fight against the Northern Sky Society.

Now Lin Ziming came out and dared to challenge Beitian directly. Not only did he set up a new security company, he also confronted Beitian. He also beat the son of Gu Xuan, vice chairman of the North Sky Club, to this, which shows that Lin Ziming must have this strength to contend with the North Sky Club!

They didn't believe that Lin Ziming who was able to achieve this position would be a second stunner, but when he reached a certain level, he did

everything after careful consideration.

As a result, they still had to hug Lin Ziming's thigh at this time.

Of course, there are also quite a few people who are more alienated from Lin Ziming, not because they dislike Lin Ziming, but because they are more afraid of the Beitian Association. Now Lin Ziming is obviously facing the enemy with Beitian, if they walk too close to Lin Ziming, invisibly, they will be against Beitian.

Lin Ziming just saw this in his eyes, and did not make any reservations.

Everyone has their own judgments and choices. There is nothing to say. He is very calm now. Anyway, there will be a battle between him and the Beitianhui sooner or later. He has confidence in himself, and this struggle with the Beitianhui is his training and growth. Moreover, he is very convinced that if he is really not the opponent of the Beitianhui, then the mysterious adult in neon clothes hidden behind will definitely not sit idly by. This is his greatest reliance.

Just as many people have guessed, at his point, every decision he makes is made after careful consideration, not casually and with a hot head. People who are impulsive are destined to not go far.
