

Chapter: 646

Lin Ziming is dumbfounded, this is a coincidence too!

And he would never have thought of killing him. A woman like Ouyang Yanran would actually wear the underwear of cartoon characters?

This is very contrary to Ouyang Yanran's image!

Ouyang Yanran saw Lin Ziming's gaze, her face turned red all of a sudden, angry and annoyed, she quickly picked up her legs, picked up a stone on the ground and threw it on Lin Ziming's face, cursing: "Smelly hooligan! Hurry up and close your dog eyes!!"

Lin Ziming was stunned, the master of the dignified Innate Realm actually didn't escape this stone, but with a bang, he was hit on the forehead.

He finally reacted and quickly closed his eyes, then turned around, looking at indecent assault.

But the picture in my mind lingers no matter what. There is no way, it is really shocking, I don't think that people like Ouyang Yanran would actually wear such cute clothes.

"Cough!" He coughed quickly and said solemnly, "Don't worry, I don't see anything."

When Ouyang Yanran heard his words, her face turned red all at once, and she wished to kill Lin Ziming right away!

Now her nose is a little sour, and her heart is particularly aggrieved and ashamed. She grew up so much, how could she be taken advantage of by others like this? Even her boyfriend who has been with her for more than three years is just holding hands with her, except for that. In addition, there has been no intimate behavior, and no one has seen her.

But now, it was so ashamed to be shown by Lin Ziming this guy, she couldn't wait to find a place to sew it in.

Now she tried to get up, but it was too painful. Just now, in a panic, she had her ankle swollen. After a while, her foot was already swollen, and it was particularly painful when she moved it.

Now she was trying hard to get up. Just as her injured right foot was exerting force, a piercing pain passed over, and she fell down again with a cry. Originally, her ass felt enough pain just now, but now that she fell again, it was even more painful that tears flowed out.

She has always been a very strong woman, her personality is particularly cold and arrogant, she is cold and indifferent to everyone, and loves face, but she has never been embarrassed like she is today. She can imagine how embarrassed she is now.

Lin Ziming heard that she fell again and couldn't help but said, "Hey, are you doing something wrong? Would you like to help you get up?"

Ouyang Yanran was very irritable when she heard his voice, especially upset, and cursed in embarrassment: "Who wants you to help? Get out of

here!”

Yes, the dog bites Lu Dongbin and doesn't know good people.

Anyway, Lin Ziming's responsibilities have been fulfilled, and now that Ouyang Yanran drove him away, he also had no need to stay.

When Ouyang Yanran saw that he was really going to ask, she was gnashing her teeth with anger, and she scolded Lin Ziming countless times in her heart. She was demeaned and she was not a man!

It's her boyfriend who is super gentle to her!

Lin Ziming walked a distance, and the stray dogs that had been driven into the alley popped up again, staring at her with blue light in their eyes, which was very frightening.

Ouyang Yanran's face paled again, she had been particularly afraid of dogs since she was a child, and now she was shivering with fear.

She quickly picked up some stones on the ground and threw them at the stray dogs, shouting in her mouth: “Go! Go!”

However, her behavior angered the stray dogs even more, and began to pounce on them again.
