

Chapter: 656

Now, no matter how stupid she is and she knows the truth blindly, Lin Ziming has lied to her, Lai Binbai really betrayed her, and is doing something sorry for her!

All of a sudden, her nose became sore, and she felt aggrieved and pained. She had never thought that Reibinbai would do such a thing!

The old mountain alliance and each other were all deceptive. Fortunately, she refuted Lin Ziming so surely just now, believing that Laibinbai was a gentleman and would never be derailed. Now it seems to be just a joke.

The unbearable voices of Laibinbai and the woman continued to be heard in the car. For Ouyang Yanran, it was all cruel and merciless trappings. In the end, Ouyang Yanran could not bear it, tears streaming down.

Lin Ziming also felt sympathetic when he saw this scene. This Lai Binbai was so shameless, he was simply a scumbag.

At this moment, Lai Bin's white face turned here, and he happened to see Lin Ziming and Ouyang Yanran outside the car. His expressions were extremely exciting right now, and his whole body was shocked instantly, and he was frightened and wilted!

The woman said dissatisfiedly: "Hey, Laibinbai, what are you doing, why are you not? People still have fun."

Ouyang Yanran stared at him, gritted her teeth and cursed: "Lai Binbai, you are really worthy of me!!!"

Lai Binbai reacted and immediately panicked, and hurriedly interceded, "Yan Ran, listen to me, things are not what you think you want to ask! Yan Ran, listen to me to explain!"

But Ouyang Yanran would still listen to him explain that she picked up a stone on the ground and threw it heavily on his forehead. With a thump, he screamed in pain, not caring so much, and quickly opened the car door, planning to catch up with Ouyang Yanran to explain.

He was so flustered, he accidentally stepped on the air, fell a dog to eat shit, but made Lin Ziming amused.

"Damn, it's you again! It's you who are doing a ghost behind your back and destroying my relationship with Yan Ran. If I don't kill you, you won't be named Lai!!" Lai Bin yelled violently, and then a carp bounced off the ground. He got up, rushed towards Lin Ziming with an angry face, and punched Lin Ziming's face with a heavy punch.

I have to say that this guy Laibinbai is still a little capable, and the force of this punch is very strong, and ordinary people are seriously injured. Unfortunately, the person he faced was Lin Ziming. From Lin Ziming's view, this punch was full of flaws.

Lin Ziming kicked it out at random, with a bang, and Li Binbai was kicked like a ball, hitting the Mercedes Benz heavily, denting the Mercedes Benz

into it, which shows the weight of Lin Ziming's kick.

Lin Ziming didn't need to give him face for such rubbish.

Laibinbai spewed out a big mouthful of blood, and now he was falling apart, unable to climb up, his eyes were full of shock and fear when he looked at Lin Ziming. Only now did he realize who he had offended, Lin Ziming. How terrible it is.

The woman was so scared that she screamed and ran away without getting dressed.

After Lin Ziming finished his kick, he chased in the direction where Ouyang Yanran disappeared. After a while, he saw Ouyang Yanran standing by the bridge, about to throw himself into the river. Lin Ziming was startled and rushed quickly. In the past, she hugged Ouyang Yanran from behind and said loudly, "Hey, what are you doing! Just because of a scumbag, you are about to end your life, is it worth it?! Have you ever thought about it? Your family knows how sad and sad it will be, Ouyang Yanran, you are too fragile and too selfish to do this!"

Lin Ziming is really annoyed, this Ouyang Yanran is too shameless, because a scumbag who cheats is going to die and he is really fragile. If this were for Ouyang Yanran to experience the suffering he had suffered, wouldn't it be a hundred times to die?

Ouyang Yanran struggled violently, and said in panic and annoyance: "Hey! What are you doing, let me go!"
