

Chapter: 658

Ouyang Yanran was very angry when she heard this. Anyway, she is also a daughter of the Ouyang family, a school flower pursued by thousands of people, how many men can't ask to be alone with her, and now Lin Ziming is better, but if you don't like it, let's say that she has been known to her for eight lifetimes. Big mold, is she so bad!

It must not be that her charm is not enough, but that Lin Ziming's sexual orientation is problematic!

It was getting a bit late now, the temperature was gradually dropping, and Ouyang Yanran came out only wearing a thin piece of clothing. She had cried a while ago, and the night wind blew her over and shivered with the cold.

Seeing this situation, Lin Ziming took off his coat, put it on her, and said, "I don't think you need to think so much. There are still many good men in the world. Hanged from the tree. Okay, it's not too early now. Go back and get a good night's sleep, and you will be much better when you wake up the next day."

Ouyang Yanran was cold at first, feeling the warmth of Lin Ziming's clothes, she was taken aback for a moment, and then there was a warm current in her heart. Looking at Lin Ziming, she felt a lot pleasing to her eyes.

"Thank you." Ouyang Yanran said softly.

Lin Ziming waved his hand and said, "Thank you, no more. Please keep your eyes open in the future and don't be fooled by the scumbag again."

Ouyang Yanran nodded and said, "I see."

After talking to Lin Ziming, she feels a lot better now, not as uncomfortable as before. Fortunately, she didn't have any sex with Laibinbai, otherwise she would suffer a big loss.

Instead, looking at Lin Ziming, she couldn't help but feel that Lin Ziming was pretty good, if...

Immediately she shook her head vigorously and threw this terrible thought out. She didn't want it because someone had a husband, and she was so many years older than her.

Lin Ziming's cell phone rang at this time, took it out and found that it was Chu Fei who was calling. He went aside to answer the phone. It turned out that Chu Fei hadn't come back after seeing him so late and asked him where he had been. Ask him to go to the movies.

Lin Ziming naturally agreed, said a few words briefly, and hung up the phone.

"I have something to do. Let's go first. You should go back and rest soon. Don't think about the things just now." Lin Ziming said.

Ouyang Yanran stood up and said with a bit of reluctance: "Ah? Did you leave so soon? It's not nine o'clock yet."

Lin Ziming didn't even conceal her, and said, "My wife asks me to go to the movies, so she won't accompany you."

"Oh..." Ouyang Yanran was inexplicably disappointed after hearing this. It is now the time when her feelings are empty. Lin Ziming has been chatting with her for so long, which makes her impression of Lin Ziming much better, and she is invisible. In the process, a feeling of dependence is produced.

Lin Ziming walked more than a dozen meters, but he was still worried. He came back and said to her: "Forget it, I'd better send you back first, so as not to wait for something to happen to you, I can't explain to your family."

If before changing, Ouyang Yanran would definitely ignore the previous words and only hear the latter. But now it happened to be the other way around. She only heard the words in front, ignored the initiative in the back, and was touched again, warm and radiant in her heart.

"Well, thank you then." Ouyang Yanran said softly.

Lin Ziming nodded secretly, feeling that the girl Ouyang Yanran was still a little bit rescued, and she was not so stubborn to that extent.

Sending Ouyang Yanran to the entrance of the manor, Lin Ziming stopped and said hello to leave. Ouyang Yanran kept looking at the back of his departure, looking a little stunned. When Lin Ziming disappeared from her sight, she closed her eyes. When I came back, it suddenly occurred to me that I didn't even return the coat to Lin Ziming.

She subconsciously wanted to catch up and returned the coat to Lin Ziming, but after two steps she stopped, with an intriguing smile on her face. She should have been in a depressed and painful mood, but now she feels much better.

Lin Ziming soon met Chu Fei, went to see a recently released movie together, and then the two of them went home after a supper.

Now the two of them have broken through that level of relationship, and they are already normal couples. They are now at an age when both of them are energetic. When they meet, they are doing firewood and raging fire.

However, it was Lin Ziming that was often uncomfortable in the end. With Lin Ziming's current physique, Chu Fei couldn't satisfy him at all.

Chu Fei was quite self-blame when she saw this situation, and hugged Lin Ziming and said, "Ziming, why don't you find another one?"
