

Chapter: 661

Lin Ziming then took the call and said, "Just tell me if you have business."

Tao Sanniang gritted her teeth with anger, snorted, with a faint resentment and embarrassment in her tone, and said, "Does I really have no status in your mind?!"

"Tao Sanniang, I beg you not to tease me. If you have something to do, please tell me as soon as possible, so as not to be misunderstood by my wife." Lin Ziming said kindly.

Tao Sanniang can't understand why Lin Ziming is so difficult to do, and she is not attracted by her charm at all. Is Tao Sanniang not enough to show off, or is Lin Ziming's sexual orientation problematic?

But now she didn't dare to confuse her, she started to say: "The hunting contest will start tomorrow and will be there this afternoon. The actual venue is not in Hwaseong, but in the deep forest on the northern border, so you have to do it today. coming."

Lin Ziming learned from Ugly Master that this is indeed the case. He said angrily: "You didn't finish talking like this a long time ago? There are so many nonsense."

Hearing, Lin Ziming heard Tao Sanniang's teeth grinding through the phone. Tao Sanniang secretly cursed the incomprehensible wood, and then honestly told Lin Ziming where to gather.

In this hunting competition, Yuntian Pavilion is not the real power behind it. It belongs to the agents of Hwaseong and Fengcheng. They charge a lot of entrance fees and then take people to the place where the hunting competition takes place.

In fact, the hunting contest is held in a different place every year. This year is in the border forest of northern China. Last year, I went directly abroad.

It was the first time that Lin Ziming participated in this kind of hunting competition, and he felt quite interesting.

This time Ugly Master didn't go with him, he left by himself.

Firstly, there is no need for Ugly Master to accompany him. Secondly, after he has gone, Hwaseong also needs Ugly Master to sit down.

After hanging up the phone, Lin Ziming passed directly.

After arriving at the destination, I soon saw Tao Sanniang, standing there, being surrounded by several men, with an impatient look on her face.

Seeing Lin Ziming's appearance, she immediately showed a pleasant smile on her face, and immediately hid it, and greeted Lin Ziming.

The men around her frowned slightly when she saw that she was so enthusiastic towards a plain-looking man.

There was also hostility and discomfort in the eyes looking at Lin Ziming.

"Oh, Ziming, you are finally here. People have been waiting for you for a long time." Tao Sanniang walked over in graceful steps. Today she is still

wearing a modern cheongsam, which outlines her graceful figure vividly.

Any man who sees her, there is not one that is not attracted.

Even if it was Lin Ziming, he was a little attracted at first glance, and his heartbeat accelerated a little. Fortunately, his concentration was very good, and he immediately returned to normal.

Lin Ziming came here lightly this time, without any luggage.

Instead, Tao Sanniang brought a huge luggage.

“Are you going on vacation?” Lin Ziming asked weirdly looking at her large luggage.

“It’s not just my stuff, they also brought a lot of your stuff.”

“What are you doing with my things?” Lin Ziming asked weirdly.

Tao Sanniang also said in surprise: “Don’t you know? This time we walked through the northern border and lived in the same room.”
