

Chapter: 668

What I saw was a not-so-luxurious and high-end hotel, about ten stories high, standing in this deep mountain and old forest, the sense of disobedience was quite big.

“Here, let’s get off the car.” Tao Sanniang said with a little excitement.

Lin Ziming nodded and got out of the car.

After coming down, I saw some acquaintances, some of whom were bosses in the Hwaseong business circle. They were all ordinary people, but they dared to participate in such a hunting competition. Lin Ziming still admired it.

In addition, there are more customers at the Yuntian Pavilion auction site last time, but when they saw Lin Ziming, they didn’t come up to say hello to Lin Ziming, but looked at them with a kind of pity, sympathy, and gloat. Lin Ziming, and many people discussed in low voices.

“I’m not mistaken, isn’t the man standing with Tao Sanniang the same as Lin Ziming, the chairman of Ziqiong Media? At this juncture, he actually dared to participate in the hunting contest? Is he crazy?”

“It’s really him! This guy is too courageous, don’t you know that Gu Xuan also signed up this year? The venue this year is in China, Gu Xuan has a high probability of coming over! And Lin Ziming this The guy taught Gu Hanxing another lesson last time. I heard that he also broke Gu Hanxing’s “foundation”. It will never be possible to break through the innate realm in the future. This is not a common enemy, because of Gu Xuan’s character. It is absolutely impossible not to take revenge.”

“What? This year’s hunting competition, Gu Xuan will also come to participate? Fuck, then Lin Ziming will be finished this time, I guess, the reason why Gu Xuan did not seek Lin Ziming revenge during this time should be waiting for this time. Opportunity! After all, killing in a hunting contest is tacitly approved, which can be said to be a vacuum belt of the law.”

“And this guy came here alone? I really don’t know if he is arrogant or arrogant.”

“I think he is purely knowing how to live and die, seeking his own death! Who is Gu Xuan, the vice president of the North Sky Club, has an unfathomable cultivation base. The leader of the previous year was taken by Gu Xuan. I’m here. I still remember that in the hunting competition last year, Gu Xuan slapped a few hundred catties of brown bears to death. That power was really shocking, like a ghost! This time, Lin Ziming was more ill-fortuned... ..”

“What’s so bad, it’s dead, okay.”

“It’s a pity that Lin Ziming is such a young and capable person, so why can’t he think about it so much and offend Gu Xuan.”

They were all discussing, and the voices were not too loud, but they were all heard by Lin himself.

Gu Xuan was indeed here, and this didn't disappoint him.

Many people don't know that Gu Xuan is here to avenge him, why would he let Gu Xuan go again?

When Tao Sanniang heard that Gu Xuan was there, some worry flashed on her face, biting her lip and saying, "Oops, Gu Xuan actually wants to participate in this year's hunting competition? Then Gu Xuan will definitely use this opportunity to kill you!"

Lin Ziming looked at Tao Sanniang meaningfully and said, "You specifically asked me to come over to participate in the hunting contest, isn't it just for a fight between me and Gu Xuan?"

"Fart! Is my heart so bad? If I knew that Gu Xuan would come, I would invite you to come and do something else. Why do I have to eat and hold on?" Tao Sanniang was very angry, very dissatisfied with Lin Ziming. Don't believe her, she immediately grabbed Lin Ziming's hand and said worriedly: "If it's just Du Xinli, it's not a threat to you, but Gu Xuan's threat is too big! No, I'll see you in the hunting competition tomorrow. Don't participate. When the time comes, you will lie down in the hotel and say that you are ill and it is not convenient to participate. As long as you don't participate, Gu Xuan will do whatever you like."

Lin Ziming looked at Tao Sanniang tightly, trying to tell the truth of Tao Sanniang's words.
