

Chapter: 676

“Why, don’t you let me bet?” Lin Ziming saw that they didn’t answer for a long time, and continued smiling.

A dealer said with a dry smile: “Dong Lin, we were just coaxing to play, don’t mean anything else, you must not take it to heart.”

The other two dealers also said quickly: “Yeah, yeah, Lin Dong, we are just playing indiscriminately, don’t take it seriously.”

“Just kidding, Prime Minister Lin Dong can peg a boat in his belly, how can he be familiar with us? It’s gone, let’s not disturb Lin Dong.”

Saying that they are about to disband.

Lin Ziming stopped them and said, “Don’t worry, my metric is not that small. Anyway, tomorrow will be the battle between me and Gu Xuan. Either he will die or I will die. So I am not kidding, I plan to drop 2 billion. Buy yourself and win, you won’t suffer.”

“This...” Hearing Lin Ziming’s words, the three dealers were obviously stunned, looking at Lin Ziming suspiciously, not sure if Lin Ziming was angry or serious, 2 billion, this is not a sum. A small number!

One of the dealers still said with a dry smile: “Dong Lin, we are really joking. Just treat us as a fart, don’t take it to heart.”

These three dealers are all group bosses, each with a net worth of more than 10 billion yuan, and they are also big shots outside, but they really dare not have any arrogance in front of Lin Ziming. Because Lin Ziming’s personal strength is far beyond them, he is still in the deep mountains and old forests. If Lin Ziming is really angry and beats them to death, they will die very wrongly.

Others were also very embarrassed, and quickly joined in to explain.

Lin Ziming shook his head and said, “Could you not dare to pick it up?”

The three dealers looked at each other and exchanged their eyes. The last dealer asked tentatively: “Dong Lin, are you sure you really want to pay 2 billion? When you lose, we will not refund you.”

“Yes, Lin Dong, we did just open the market just now. It was just for fun, and I didn’t mean it was aimed at you.”

Lin Ziming walked in and said with a smile: “2 billion is only a small amount to me. However, according to your odds, once I win, you will pay me 14.6 billion. You are sure you can get this. Any money?”

The three dealers all sneered, “Dong Lin, don’t worry about this. The 14.6 billion is only a small amount for us. The key is you, are you sure you want to bet? As far as I know, many people are not optimistic. You can beat Gu Xuan tomorrow.”

Others also looked at Lin Ziming with the same joking expressions, and didn’t believe that he had this ability to defeat Gu Xuan.

Lin Ziming said: “You don’t need to worry about this. According to what

you said, if I really lose in the hands of Gu Xuan, no matter how much money I can spend, I might as well use it for gambling. Stimulate my potential and come to life from a dead end.”

Hearing what he said, many people in the room laughed, thinking that Lin Ziming was talking idiotically.

One of the dealers said: “Dong Lin, since you also have such a good Yaxing, then we can’t help you. The 2 billion bet, the three of us have accepted. However, we need you to transfer the money first.”

The other two dealers murmured in a low voice, “That’s not it, if you are killed tomorrow, who do we want this money to?”

Lin Ziming laughed again. He was just bored. He planned to go out and stroll around. He didn’t expect that he could catch such a good opportunity, earning 14.6 billion in vain.

“Okay, you can provide me with an account number, and I’ll turn it over.”

Lin Ziming said with a smile, appearing to be very talkative.

When everyone saw that he seemed to be serious, they all felt very happy. They especially envied the three dealers, earning 2 billion in vain. On average, each person is close to 700 million.

Lin Ziming acted very quickly. Using his mobile phone, he immediately transferred 2 billion. In the account provided to the dealer, the three dealers were still surprised when they heard the information received. They did not expect Lin Ziming to actually transfer the money. coming!
