

Chapter: 684

Lin Ziming also showed a weird expression when he saw them.

This is a coincidence. He wandered in the big forest for two days and encountered no less than two hundred beasts. He didn't even meet anyone. In the end, the first one he encountered was Du Xinli's team?

If he didn't know in advance that the launch was completely computer random, he would think it was arranged by the organizer in advance.

To be honest, Lin Ziming hasn't encountered a single person in the past two days, but encountered a beast, which is quite boring. Now that he meets Du Xinli and others, he is still a little happy.

Compared to his cleanliness, Du Xinli and the others seemed a little embarrassed, especially the other four people. They were all damaged, dirty, and even blood stained, and they knew they had fought with beasts at first glance.

Only Du Xinli was decent, at least not so dirty on his body, but he could see that he had sweated, and a lot of dust was stuck on his hair and face.

Now they saw Lin Ziming with green light in their eyes. They were extremely excited and excited. Du Xinli laughed aloud: "Hahahaha... the surname Lin, I didn't expect it to be really for Lao Tzu. I met you! This time I see who else can save you!"

The four accomplices with him also showed a stern smile, and their eyes looking at Lin Ziming were full of cruelty and playfulness. In their eyes, Lin Ziming looked like a dead person.

Lin Ziming laughed too. They were amused by them. The matter between him and Gu Xuan was so upset that Du Xinli didn't even know, so they dare to come and provoke him? I really don't know how to write dead words.

Du Xinli and the others dispersed, and slowly surrounded Lin Ziming, for fear that Lin Ziming would run away.

But in the end they found that Lin Ziming actually ran away, instead looking at them with clown eyes, which made them extremely uncomfortable. Originally, they expected Lin Ziming would have been scared under such circumstances and treated them. Kneeling to beg for mercy.

Seeing that Lin Ziming was already in their encirclement, Du Xinli became even more calm, holding a machete in his hand with blood on the blade, which looked particularly terrifying and scary.

"Lin Ziming, I see where you can go this time, without asking me who Du Xinli is, you dare to snatch the woman that Lao Tzu looks after?" Du Xinli smiled grimly, with a cruel expression, looking very scary. In this big forest, he completely abandoned his usual gentle side, and revealed his evil side unabashedly!

Everyone has a dark side deep in their hearts, but in the real world, there are too many restrictions, evil thoughts are confined and cannot be vented.

But here, there are no restrictions, and many people's evil thoughts have exploded.

Du Xinli was like this. He completely tore off his disguise and revealed the most evil side of his own bones. Now his eyes were full of green light, as if he had regarded Lin Ziming as an animal and could slaughter him wantonly. Soon, he walked in front of Lin Ziming, staring at Lin Ziming with both eyes, especially scary.

"Du Xinli, are you trying to kill me?" Lin Ziming also looked at Du Xinli and said meaningfully.

He originally didn't have too much dislike for Du Xinli, thinking that Du Xinli was just jealous of fighting for the wind, a manifestation of a normal man.

But now, through the kind of evil that Du Xinli showed, he found that he had overestimated Du Xinli, and this was a man with despicable behavior.

Du Xinli grinned again, and said, "Why did you know now? You had a great time with that bitch these two days. This bitch ran to your room last night. It was so cool by you, right? !"
