

## Chapter: 686

Du Xinli has absolute confidence in his sword, and the curvature of his mouth has risen a lot. He thinks he has cut out his most perfect sword since he practiced martial arts. With the strength of Lin Ziming's little white face, it is impossible to dodge it. Got it.

In his mind, he had already seen Lin Ziming severely injured by a knife.

However, when his knife was halfway down, Lin Ziming suddenly made a move, just kicking it casually, making a shot later, and the speed was so fast that Du Xinli was able to react.

Almost in an instant, Du Xinli's abdomen was hit by this foot, his feet were volley, and the whole person flew upside down, and then slammed into the big tree behind. The huge impact made the diameter of half a meter wide. The big trees shook for a while, and a lot of leaves and fruits fell.

This kick directly caused Du Xinli to lose the ability to move, as if his five internal organs had been kicked and shifted, his face was pale as paper, he lost his blood, and he spewed a big mouthful of blood when he was in the air. The other four people were shocked by this scene, and they didn't understand what had happened. Du Xinli was a master-level master at the pinnacle of the acquired day! I don't know how many famous boxers have been defeated. In their minds, they are almost invincible, but now they are kicked so easily by Lin Ziming?

Each of them opened their eyes wide and was so shocked that they thought they had hallucinations.

Of course, the most shocking thing is Du Xinli himself. He now feels that his whole body is kicked to pieces, his intestines are broken, and his internal organs have shifted!

He didn't have the strength to even move his fingers.

The power of this kick completely surpassed his understanding of the limits of human beings. Why can one kick such a terrifying kick! Is Lin Ziming a man or a ghost? ? ?

Lin Ziming originally didn't want to make such a heavy shot. It was Du Xinli who had been dying and provoking his bottom line. What would someone like Du Xinli do without being disabled?

"you you you....."

"Who are you or a ghost?!!!"

"One by one, kicked out Brother Li with one kick?"

"How is this possible, Brother Li is a master-level master..."

The remaining four people were extremely shocked and terrified, and their bodies began to tremble. They were originally holding the hands of the machete hard, but now they also relaxed their strength. When Lin Ziming looked over, they were directly scared. Throw away all the knives in his hand.

Lin Ziming just moved casually, one by one, they were so frightened that they knelt in front of Lin Ziming and began to beg for mercy and apologize. Seeing this situation, Lin Ziming didn't have the same knowledge as them, and said lightly: "Don't let me see you again in the future, otherwise it won't end here, you know."

"Know that!"

"I promise I won't show up in front of Big Brother in the future."

"Thank you elder brother for not killing, and thank you elder brother for not killing."

Lin Ziming nodded, and finally took a faint glance at Du Xinli before leaving.

Of course, before leaving, Lin Ziming took the nameplates from the five of them. Although Lin Ziming was not too interested in the so-called leader, he would not waste this opportunity.

Next, Lin Ziming continued to walk in the big forest, and met several teams one after another. These people saw that Lin Ziming appeared alone, and there were no weapons on his body, especially if he was still holding it. Shao Mingpai all had malicious intentions and wanted to kill Lin Ziming.

It's just that they had this heart, but they didn't have this strength. Lin Ziming was able to solve it three-handedly, the nameplate was taken away, and they were disqualified from participating in the competition.

So when the fifth day came, Lin Ziming had more than 30 nameplates in his hands.

However, he is not the one who has the most nameplates. Gu Xuan has the most nameplates. As of now, Gu Xuan has more than fifty nameplates in his hand. And most of them are easily obtained.

His reputation is so great that many people who met him did not resist, and obediently handed over the nameplate to Gu Xuan.

Now that five days have passed, many people are curious about the battle between Gu Xuan and Lin Ziming.
