

Chapter: 693

Another silver-haired white woman, her eyes also flashed with horror, the strength that Lin Ziming showed just now was too terrifying, even if the two of them add up, they might not be Lin Ziming's opponent!

She really couldn't understand how Lin Ziming was able to reach this level, it is too unscientific!

She also walked over and looked at Lin Ziming and said, "No wonder you dare to provoke Gu Xuan's majesty. It turns out that your cultivation level has reached this level. However, Gu Xuan's cultivation level is even more advanced. Not Gu Xuan's opponent."

Lin Ziming smiled and said, "You don't need to worry about this."

As he said, he went back and picked up the nameplate on the ground, ready to leave.

At this time, there was a whistling sound from behind him. He didn't turn his head back, and easily moved away, and took the dozens of flying nameplates in his hands, thrown by middle-aged men and silver-haired white women.

"We are not your opponent. The nameplate is given to you. I hope you can defeat Gu Xuan." The middle-aged man looked at Lin Ziming deeply and said a meaningful sentence, "It should be changed this day too!"

Lin Ziming hesitated for a while, he nodded gently, and said, "I will."

Then he put the nameplates of the other two together in his pockets, mounted the Siberian tiger again, and started rushing to the depths of the forest.

After he left, the middle-aged man Xie spewed out another mouthful of blood and his face became much paler.

The silver-haired white woman was surprised again, and said, "Li, you actually suffered such a severe injury?"

The middle-aged man wiped the blood from the corner of his mouth, took a deep breath, looked at Lin Ziming's hour, showing a look of awe, and said: "This Lin Ziming is an infinite genius. He has only broken through the innate realm for two months. Reaching this cultivation base. In my opinion, if he continues to practice well, he may reach the realm of non-destructive vajra!"

When these words were said, the silver-haired white woman was even more shocked, "The realm of King Kong is not bad?! Does he have such a good talent?"

"Yes, it depends on whether he can pass Gu Xuan's pass." The middle-aged man said with a smile: "This year's hunting competition is not in vain. You can see the life and death struggles of this level of masters. Ruth, We hurried to follow. I have a hunch that Lin Ziming and Gu Xuan will soon meet, and we can't miss this wonderful battle."

Ruth also showed a fanatical look in her eyes and nodded vigorously, and then she and the middle-aged man rushed to the next big tree in threes or twos and disappeared from everyone's sight.

Now someone came over here one after another, and when they saw the devastated scene in front of them, as if they had been crushed by a bulldozer, they all showed extremely shocked expressions.

“What's going on here, what's going on?”

“Has this been bombed by a plane?”

“I look like an engineering team came over and wrecked it.”

Many people expressed doubts.

Someone stood up to clarify, and said, “You all guessed wrong. Just now it was Lin Ziming who fought with another master of the innate realm, and the damage was caused. If I hadn't been hiding fast just now, he would have been hit by the tree! The masters of the innate realm are too abnormal, they are simply not human.”

Everyone was shocked when they heard the question about him. They looked at the scene in front of them, feeling extremely shocked in their hearts. They knew that the innate realm masters were powerful, but they had never seen the innate realm to take action. Now they saw the scene in front of them, which was created by two innate realm masters fighting, and they all felt that their scalp was tingling.

Someone immediately realized something and said sharply: “Go, follow up! Lin Ziming should meet Gu Xuan. This century war must be very exciting, we must not miss it!”

These words reminded many people that they nodded quickly and started chasing in the direction where Lin Ziming disappeared...
