

## Chapter: 698

This battle can be said to have attracted the attention of many people, not just the hundreds of people in the hunting contest.

Outside of the hunting contest, there are actually quite a few eyes looking at it.

Among them, Wang Shougui and Han Jinlong are most concerned about! Their interests have been closely integrated with Lin Ziming. Everyone is prosperous, and every one is damaged. If Lin Ziming is really beaten to death by Gu Xuan, then their good days will come to an end. Gu Xuan would definitely look back for their troubles, and their best end was to make money and eliminate disasters.

So they can only look forward to Lin Ziming's victory over Gu Xuan!

Although they knew that this possibility was very small, the more they knew about Gu Xuan, the more hopeful they were.

Once Lin Ziming really defeated Gu Xuan, the situation would be different. Both of them will usher in spring.

They were praying secretly, hoping to hear the news of Lin Ziming's victory. In fact, they are all prepared for the consequences of Lin Ziming's failure, the big deal is that they give up everything they have now and go abroad.

In addition to the two of them, there is the Ouyang family who has been paying attention.

They had already bet the treasure on Lin Ziming. If Lin Ziming was killed by Gu Xuan, their investment would be ruined and would be hated by Gu Xuanji.

Fortunately, they are a big family, and they are not very afraid of Gu Xuan, but Lin Ziming is really dead, they will feel very sorry.

"Dad, today is the last day of the hunting contest. It stands to reason that Lin Ziming has already fought against Gu Xuan. I don't know what is going on now? Has Lin Ziming really beat Gu Xuan?" Ouyang Xuehai is a native of Huacheng. , Looking at the direction of the hunting contest, with worry in his tone.

Ouyang Feng said: "The hope is not particularly great. Gu Xuan is a veteran master of the congenital realm. His cultivation base is shocking and unfathomable. No matter how talented Lin Ziming is, he is only a newcomer who has broken through for less than two months. , Difficult, difficult, difficult."

When Ouyang Xuehai heard this, his brow furrowed deeply, and he said: "In this way, our investment in Lin Ziming will be wasted, and we will offend Gu Xuan. This move is wrong!"

Ouyang Feng also sighed, and said helplessly: "Yes, looking at it now, it is indeed a mistake. I never thought that Lin Ziming would go to the hunting competition and give Gu Xuan this opportunity. It stands to reason. As long

as Lin Ziming is a little more cautious, even if he is a big figure at his level, Gu Xuan, even as the vice president of the North Sky Club, would not dare to tell Lin Ziming. In time, Lin Ziming's genius will surely be able to compete with Gu Xuan. ,what a pity.....”

Ouyang Xuehai also sighed for a long time, his face was extremely sorry, and said, “Yes, it's a pity!”

As for Chu Fei and the Guo family, they didn't know about it at all, and there was no reason to worry about it, but Chu Fei suddenly felt restless today, and her right eye twitched several times.

The most worried now is Tao Sanniang.

She was also in the crowd, constantly chasing the footsteps of Lin Ziming and Gu Xuan fighting, she was holding a sweat now, and she kept praying in her heart, hoping that Lin Ziming could survive!

She went to find Lin Ziming that night, and what she said was sincere. She really fell in love with Lin Ziming, and when she first fell in love, she didn't even know.

Now she only wants Lin Ziming to survive, not to fall away.

.....

On the side of Gu Xuan and Lin Ziming, the fight was in full swing and it went into a fever pitch.

Now they are both very embarrassed, their clothes are torn apart, and the shoes on their feet have long been reimbursed. Now they are barefoot, but they have no effect on the speed at all, but they are faster.

boom! With another punch, Gu Xuan kicked off a tree that had been decades old. He was so powerful that he could be called a human tyrannosaurus.

Lin Ziming was not bad either. He broke off a small tree about ten centimeters in diameter next to him, grabbed the trunk, and threw it at Gu Xuan forcefully. It was so powerful that a wall would collapse.
