

## Chapter: 708

“Father, father! You heard the message, Lin Ziming won, he won!!”

At the family banquet of the Ouyang family, hundreds of people from the Ouyang family gathered and were eating. Suddenly Ouyang Xuehai pushed the door open and rushed in, still shouting loudly, with excitement and excitement on his face.

This appearance of him shocked everyone in the Ouyang family. In their impression, Ouyang Xuehai has always been very stable and introverted, and he is very calm when encountering big things, how is it like now? That’s a gaffe.

However, when Ouyang Feng, who was eating, heard it, his reaction was also great, and he stood up, “What?! Lin Ziming actually won? This is true! Tell me what’s going on!”

Ouyang Xuehai had already walked in, and he was so excited that his face blushed, “Of course it is true, I have seen from many people, Lin Ziming has really defeated Gu Xuan, and he is unscathed! And he also won this time. The leader of the hunting contest has a limitless future! Dad, we don’t have the wrong person to invest this time!”

“Hahaha...” Ouyang Feng laughed after hearing it, his face flushed, and he was extremely excited, “I really didn’t have the wrong person, I didn’t have the wrong person! This Lin Ziming is incredible. That’s it!!!”

Many people in Ouyang’s family sounded dumbfounded, and even some people had never heard of the name Lin Ziming. They couldn’t understand why Ouyang Feng would admire a person so much.

At the other table, Ouyang Yanran was also eating there. She was stunned when she heard the conversation. Then, Lin Ziming appeared in her mind. Combining Ouyang Feng and Ouyang Xuehai’s words, her mood happened. Subtle changes.

At the same time, many people have also learned this information one after another. Among them are Wang Shougui and Han Jinlong. They had planned to run away, but they were suddenly excited. For the rest of their lives, their future is infinitely bright.

.....

Lin Ziming came out of the airport at this time, alone, carrying a schoolbag, looking very ordinary, just a working class, no one would have thought that he would be a master of the innate realm at the pinnacle of mankind, and also among the new humans in the future. Pioneer.

When he returned to Hwaseong City, his mood also relaxed a lot. He was about to see Chu Fei soon, and he was very happy to think about it.

When he came out of the airport, he was just about to call Chu Fei and tell Chu Fei that he was back.

Suddenly, a tentative voice sounded from behind him, “Chairman, is that

you?”

It's a woman's voice, and it sounds familiar...

Lin Ziming looked back and saw a woman who was wearing sunglasses and a mask and wrapped herself tightly. She greeted him, and when she saw him, she walked towards him quickly.

“Chairman, it's really you!”

The woman walked up to Lin Ziming and said in surprise.

Beside her, a few people followed and supported her.

Lin Ziming was even more confused. After searching in his head, he couldn't figure out who the other party was, “Are you?”

Seeing that Lin Ziming did not recognize her, the woman couldn't help feeling frustrated, “Chairman, how much you dignified you have forgotten, you have forgotten me...”

Lin Ziming said with a wry smile: “I'm sorry, you are wearing sunglasses and a mask, I really can't see what you look like.”

The woman was taken aback for a moment, and then she came back to her senses, yes, she covered her entire face, how could Lin Ziming recognize her.

So she thought about it, and decided to take off her mask and sunglasses to reveal her true appearance.

But this movement of her shocked several other people, and said quickly: “Yuning, you can't pick it...”

Her words took a step slower. The woman had already taken off her sunglasses and mask, revealing a delicate and beautiful face, which immediately amazed the people passing by.

Lin Ziming also remembered seeing this face, isn't this the big star who has met twice before? What's his name? Forgot for a while.

“Chairman, do you remember me?” Ning Yuning asked with some expectation and anxiety.

Some embarrassment flashed across Lin Ziming's face, he did remember it, but his name was forgotten, “Haha, remember, big star, I didn't expect to see you here, so lucky to be there.”
