

Chapter: 712

Isn't it right? Normal people would not believe that Lin Ziming will be the chairman of Ziqiong Media if he sees Lin Ziming's dress and at such a young age.

Smith is an internationally famous movie star. He has outstanding looks and good acting skills. He has also heard about Michelle Media and knows that it is a large-scale company with good development prospects.

To be honest, he went to China to develop. Originally, the first choice of media company was Michelle Media. The agent also tried to contact Michelle Media in the past, but Michelle Media was not interested in him, so he retreated in desperation. Second, choose Black Rock Media.

Now Yu Qing actually told him that the thin yellow-skinned monkey in front of him is the chairman of Ziqiong Media? Could he believe it? Yu Qing is completely insulting his IQ! This made his impression of Black Rock Media invisibly lowered a lot.

After Yu Qing finished speaking, she looked back subconsciously and saw that Lin Ziming's clothes were indeed very ordinary. In terms of temperament, there was no such aura of a big person. She looked like an ordinary person, which caused her to be suspicious. , Could it be said that Lin Ziming is really not the chairman of Ziqiong Media, but a fake?

Lin Ziming has become accustomed to this kind of misunderstanding, and he is totally unsurprising. If someone sees him at first sight, he will believe that he is Chairman Zi Qiong.

This was affected by his temperament. After he broke through to the innate realm, he became more restrained. All the spirits and spirits were condensed into a single point, hidden in the dantian, returning to the original and returning to the truth, which was more ordinary than ordinary people looked at.

Yu Qing quickly winked at Ning Yuning and asked if Ning Yuning would admit the wrong person. Ning Yuning gave her a positive response, and she was more convinced.

"Mr. Smith, the chairman of Ziqiong Media has a relatively low-key personality. It was a misunderstanding that flooded the Dragon King Temple today. Or else it depends on the face of our Black Rock Media. Let it go, okay?" Yu Qing continued to put down his posture.

She is a well-known agent in the circle anyway, and many popular stars have to give her face, and now it is rare for her to be so low-pitched.

There is no way, Smith's reputation in the world is too great, and the next movie that Black Rock Media invests in, Smith is the protagonist. To use Smith's reputation to open up the international market, they must put down their stance and please Smith.

According to the average person, as long as the belly is a little bigger, Yu

Qing will step down the steps and turn big things into small things. But Smith is different. He is an extremely arrogant and arrogant person. Especially in the past two years, he has made two films and won a lot of box office. It was when he became popular, he was even more arrogant, and he was more than enough. Qingmian, but said: "It was because of the face of your chairman that I reluctantly came to China and filmed with you, instead of being angry! Now I am in your country and I have been offended. You must give me one. Explain, otherwise I will call the police."

When Yu Qing heard this, her face became even more embarrassed, and she kept scolding this Smith for being too arrogant, unkind, and not giving them any face!

She couldn't persuade Smith, so she had to ask Ning Yuning for help and let Ning Yuning come over and say something.

Ning Yuning nodded, walked up, took off her sunglasses and mask, and said to Smith: "Hello, Mr. Smith, I am Ning Yuning, and the heroine who plays with you this time."

Smith was shocked when he saw her, his eyes showed obvious blaze, staring straight at Ning Yuning, and said: "Oh, you are the beautiful Miss Ning Yuning. You are more real than the picture. It looks more beautiful and elegant."

With that, he proactively stretched out his hand to shake hands with Ning Yuning.

Ning Yuning also stretched out his hand, but after Smith shook it, he didn't immediately let go. Instead, his thumb stroked the back of Ning Yuning's hand, which looked particularly wretched, and Ning Yuning immediately frowned, feeling Disgusted!
