

## Chapter: 713

Before that, she was still half a fan of Smith. She chased after several of Smith's movies. She didn't think that in reality, Smith was such a wretched person. She immediately wiped out all the good feelings in her heart. To play with such a person for a few months, she feels particularly sick.

Ning Yuning quickly pulled out her hand, took a deep breath, suppressed her negative emotions, squeezed her smile again, and said to Smith: "Mr. Smith, this Mr. Lin is a good friend of mine and a director of Ziqiong Media. Long, what happened just now was that your bodyguard was wrong. I hope you let your bodyguard apologize to him."

When these words were spoken, Smith's face immediately changed and became gloomy!

Yu Qing and the others were also taken aback. As an agent, Yu Qing hurriedly winked at Ning Yuning and told her not to talk nonsense!

Even Lin Ziming was a little surprised when he heard it. He didn't expect Ning Yuning to defend him like this.

Smith said displeasently: "Miss Ning Yuning, are you kidding me?"

Ning Yuning gave her a frantic wink regardless of the presence of Yu Qing and others. She was still serious and said seriously: "Mr. Smith, I didn't make a joke to you. Please let your bodyguard apologize to Mr. Lin immediately."

As if hearing a huge joke, Smith burst into laughter, "Hahahaha...you despicable group of yellow-skinned monkeys, let me apologize? Just as absurd as the lion and the rabbit need to apologize! Ning! Ms. Yu Ning, it is because of the face of your chairman of Black Rock Media that I have given me a huge reward, and I am willing to come to your Hua Country, otherwise, I will never come to such a low and backward place in my life!"

What he said was too much. Not only did Ning Yuning, Lin Ziming and others become angry when they heard it, but even many compatriots who could understand English at the airport were furious after hearing that, and they criticized Smith one after another.

Some people took out their mobile phones to take pictures. It stands to reason that if Smith's remarks are posted online, it will definitely affect his reputation, but he is not worried at all, and has brought his arrogance and arrogance to the extreme!

Ning Yuning's face was gloomy and said, "Smith, your remarks are too much, I now ask you to apologize to China immediately!"

Smith said disdainfully: "It is you who should apologize. You have offended me. If you don't apologize, I will immediately choose to call the police and let the embassy intervene. Then the matter will not be resolved so easily."

Smith wasn't scared at all, and Ning Yuning was dying after eating it.

Ning Yuning was also very embarrassed after listening. Regardless of

whether she was a big star, but in terms of energy, she was still far behind. In this situation, she could do nothing.

Do you really want to apologize? She really couldn't swallow this breath!

At this moment, a sonorous and upright voice rang out, "Just you, the white pig, dare to stray wild on my Chinese territory? I think you are living impatiently."

As the voice fell, Lin Ziming stood up from behind Ning Yuning and looked at Smith disdainfully.

I don't know why, when Smith saw the look in Lin Ziming's eyes, he was actually scared, and his heart grew frizzy.
