

## Chapter: 715

He swallowed heavily and began to be afraid. Now he didn't realize that he had kicked the iron plate.

However, he is still very hard-talking. At any rate, he is also an international movie star and has a huge influence in the world. Even if this Chinese can play again, he will not dare to do anything to him!

After understanding this, he also calmed down again. The wicked first complained and said: "Good, you Chinese, you dare to hurt my bodyguard! It threatens my safety. Now I suspect that you are a terrorist. I'm kidnapping, I'm going to call the police now!"

As he said, his agent took out the phone and made a posture to call the police to threaten Lin Ziming.

Lin Ziming immediately laughed when he saw his piety, this guy was too fat, and he dared to threaten him when he died.

"Call the police?" Lin Ziming showed a meaningful smile. It fell in Smith's eyes, but turned into a show of fear. He became even more terrified and said: "Yes, I am an international movie star. If I call the police, you At least three years in jail! Unless you kneel and apologize to us now and compensate us for our losses, I can choose not to call the police."

He is now determined by Lin Ziming, thinking that Lin Ziming is afraid to take action against him. Anyway, he is also an internationally famous star. Lin Ziming must have seen his movies. Once he calls the police, the unlucky person is Lin Ziming.

As for Yu Qing who said this yellow-skinned monkey is the chairman of Ziqiong Media? That is obviously bullshit, only a fool would believe it.

Lin Ziming turned around and asked Ning Yuning, "How much did Ye Piaoyang invest in this movie you and him?"

Ning Yuning and the others were stunned by the questioning of this sentence. Ning Yuning reacted and said, "We invested 200 million yuan."

Lin Ziming nodded and said, "It's only two hundred million, not much. I'll take it."

He said this in Mandarin, and many people onlookers had heard it. Looking at him, there was an unspeakable absurdity. He was wearing such a plain clothes. Seeing how it differed from many salary levels, he actually said two things. If it's not more than a billion?

Lin Ziming didn't care what others thought of him. After speaking, he turned around, grinned at Smith, and said, "Smith, since you want me to pay for the loss, then I will simply pay more."

After speaking, Lin Ziming made a move. A slap slapped over, and there was a clear slap. Half of the airport hall sounded. The tall Smith was slapped three hundred and sixty degrees by Lin Ziming's slap. When he fell to the ground, half of his face was beaten and swollen, and blood leaked from the

corners of his mouth.

The agent immediately became angry and waved his fist, about to hit Lin Ziming in the face. But he didn't know that in Lin Ziming's eyes, his movements were similar to those of a snail, and they were so slow that they were messed up.

Lin Ziming flashed all the time, and he slapped out another slap, knocking the agent upside down and flying out, spinning in the air, and falling heavily to the ground.

There were still two standing white men left. They were all stunned. They didn't think that Lin Ziming would really dare to beat them. They had never encountered this kind of thing before!

To be honest, it is not the first time that they have come to China. They had two movies. When they were going to come to China to be released, they also came to China for publicity. All the people who came into contact with the Chinese were very kind to them. Respectfully.

How violent to them like this young man in front of me.

Seeing Lin Ziming still walking towards them now, they were scared right now.
