

Chapter: 729

After a while, Qin Yao raised her head and said, "I know you had a bad impression of me before, but I will work hard and set up a good image for you. I want to dazzle you and be your woman. , This sentence is not just a simple statement."

After speaking, she got out of bed and walked to the door. She looked back, smiled and said goodnight to Lin Ziming, then disappeared and returned to the guest room next door.

Looking at her like this, Lin Ziming only felt a headache.

Peach blossom debt, it is really peach blossom debt again!

Is he really the fate of a stallion?

In fact, Lin Ziming knew very well in his heart that with his current physique, being just a Chu Fei really couldn't satisfy him.

Especially when he reached a higher level, the three Chu Fei were not his opponents.

It's just that he is a very traditional person in his bones, letting him hug each other, three wives and four concubines, this kind of thing, he really can't get through the hurdle in his heart.

Oh, don't worry, just take one step and count one step.

Now that Qin Yao and Chu Fei took turns to provoke, Lin Ziming's dantian fire was so strong that he couldn't sleep. He had to take another cold bath and soaked for an hour before lowering the fire. Come down.

By the next day, Lin Ziming still got up very early. He now has a particularly good sleep quality. Three hours of sleep is enough for an ordinary person to sleep for ten hours and he is full of energy. Moreover, these minor injuries on his body have almost recovered, and he has recovered 90% of his strength.

Not long after, Chu Fei and Qin Yao also got up. Qin Yao's face was obviously covered with two dark circles under her eyes, and she saw that she didn't sleep well last night.

After eating breakfast, Qin Yao did not continue to stay, and began to go back to work.

Lin Ziming first sent Chu Fei to Centec to work. After the bodyguard team was in place, he began to return to ziqiong media, briefly held a high-level meeting, and then went to Tengyue Advertising Company and Aegis Security Group. They all showed their faces, and set out the direction of the company's next development. One day passed.

At the same time, on Gu Hanxing's side, he already knew about Gu Xuan's death by Lin Ziming. He was already pale with fright on the spot, and his entire world collapsed!

Gu Xuan is his father and his god. If there was no Gu Xuan, then he would have been beaten to death long ago. In his mind, Gu Xuan is an absolutely

invincible existence, a middle-level master of the Innate Realm, plus the identity of the Vice President of the North Sky Society, walking sideways on the ground in the south.

And now, was actually beaten to death by this guy Lin Ziming?

He couldn't believe it!

Looking at Gu Xuan in the crystal coffin blankly, he was more not sad, but fear. Now that Gu Xuan is dead, what will he do in the future?

All of a sudden, his tears burst out.

I had known this long ago, he wouldn't have been against Lin Ziming if he was killed in the first place!

It's good now, taking all his life into it.

Not only him, but the entire Gu family, now there is also a cloud of sadness and sorrow, full of hissing crying.

At this moment, a slender figure walked in from the door, and everyone who saw it showed awe and fear.
