

Chapter: 753

Chu Fei has no strength, lying down like a cat panting.

But Lin Ziming is still very energetic, with a wry smile on his face, Chu Fei still can't do it.

Chu Fei had completely surrendered now. He could only take a cold shower and rely on physical means to reduce the fire.

"Ziming." Chu Fei stopped him, and Lin Ziming turned back, "Huh?"

I saw Chu Fei sitting up, and said seriously: "I told you what I was saying from my heart, you should find two more outside, don't hold back like this."

Lin Ziming was stunned.

"Feifei, don't be kidding."

"I'm not kidding, I'm serious..."

Lin Ziming waved her hand, motioning her to stop talking, turned around and went into the bathroom to wash in cold water.

.....

Chu Huaxiong and Liu Suhong have both gone to the Chu family tonight, and now their status in the Chu family is only under Chu Guodong, the lord of the Chu family. There is no one who dares to squeeze them out, and it is too late to flatter them.

Under the influence of Lin Ziming, the strength of the Chu family has increased a lot. Many people in the circle have to give them face and do things more conveniently.

Now when they mentioned Lin Ziming, they had to praise him for a long time, and they didn't dare to say anything bad about Lin Ziming, for fear that someone would pass it on to Lin Ziming.

Even less dare to mention Lin Ziming's previous wretched past.

Today, it was another family dinner held by the Chu family once a month.

Lin Ziming was not present, but no one dared to blame Lin Ziming.

One by one also helped to speak nice things for Lin Ziming.

In the past, the family dinners of the Chu family were all in five-star hotels. It was enough to book a box, but now, the Chu family is different and rich in wealth.

In order to show their Chu family's financial resources, a banquet hall in a five-star hotel was directly covered!

I also invited a lot of relatives and friends, those far and near, all invited over to dinner. Originally, there were three tables at most for family gatherings. Now, I have just sat more than a dozen tables, and the scene is quite big.

Among them, they took turns to toast Chu Huaxiong and Liu Suhong one by one, flattering and saying good things.

"Mr. Chu, you found a good son-in-law, we really envy you!"

"That's not the case, the chairman of dignified Ziqiong Media is actually

President Chu's son-in-law. President Chu is so amazing!"

"President Chu, this is a little gift I gave you. Please don't dislike him and accept it."

Many big bosses in the circle took the initiative to flatter Chu Huaxiong, and some gave gifts.

Chu Huaxiong was particularly happy and proud, and his face was always red.

Liu Suhong did not accept any gifts, and the smile on his face had never stopped, and he couldn't see his teeth.

If it were last year, they would not have thought of such a day if they were killed, and these were brought by Lin Ziming, and they were grateful to Lin Ziming from the bottom of their hearts.

Many Chu family members also looked at them enviously, especially jealous, but didn't dare to show it. Who is the son-in-law of the family, the chairman of Ziqiong Media with a net worth of over 10 billion!

No matter when they think of it, they still feel very illusory. Lin Ziming used to be inconsistent with that, but now he has changed and become a big man.

The banquet hall was very warm and the atmosphere was very warm.

At this moment, the door of the hall was suddenly kicked open. A dozen people walked in. The one in the middle was Gu Xuan's junior sister. Gu Hanxing followed her.

"Lin Ziming, get out of me!"
