

## Chapter: 754

The kick was very powerful, and the thick door was hit hard against the walls on both sides, causing a huge movement and shocking everyone in the banquet hall!

Some people with a weak heart were directly frightened and sat on the ground. Many people shook their whole bodies with fright. Some of them fell to the ground with their bowls and chopsticks, and some swallowed.

The arrival of their group of people suddenly broke the warm atmosphere of the banquet hall, and everyone looked at them angrily.

“Hey! Who are you, so brave enough to break into our banquet hall and look for death?!”

“It’s unreasonable, where are the little wanderers who dare to come to us to run wild and want to die!”

“Wait a minute, they yelled something just now, and dared to let Ziming get out. I think they are living impatiently!”

“Security guard, security guard, what are you doing coldly? Get these cripples up and send them to the police station to go to jail!”

Many of the Chu family members were glaring straight and shouting loudly. They rushed to show up in front of Chu Huaxiong and Liu Suhong, so that they could reach Lin Ziming and add to Lin Ziming’s good impression of them.

They all didn’t realize who these people standing in front of them were and why they dared to be disrespectful to Lin Ziming.

The security guards in the hotel all started to take action. They took electric batons and wanted to subdue Gu Hanxing and the others.

However, they were coming so fiercely that no one had ever encountered them, so they were easily beaten to the ground with three punches and two kicks.

Everyone in the Chu family saw more than a dozen security guards, they were all easily defeated, and the shots were particularly heavy, and the fierceness they showed made them shudder, and now they began to realize this group of people. People are not small and vagrant, so they dare not speak anymore.

Gu Hanxing was particularly proud now. He swept away his previous depression, with a wild and evil smile on his face. He walked out, his gaze shot the audience coldly, and there was no sign of Lin Ziming. He was a little disappointed. He snorted and said loudly: “Let Lin Ziming get out and see me, I have an account to settle with him!!”

All the members of the Chu family were surprised and panicked. Now Lin Ziming is no longer the poor son-in-law, but the big boss behind three big companies with a net worth of over 10 billion yuan, and this group of people dare to come here. Trouble with Lin Ziming? It must be impatient to live!

Especially Chu Huaxiong and Liu Suhong were very angry. Now in their minds, Lin Ziming is more precious than their sons. They are the guarantee of their prosperity and wealth. How can they tolerate the slightest offense from others to Lin Ziming.

Immediately, Chu Huaxiong slapped the table vigorously, and cursed furiously: "Whoever gave you the courage to be disrespectful to my son-in-law, I think you are impatient to live! Do you know who my son is, dignified? Qiong Media, Tengyue Advertising, and the chairman of the three major Aegis Security companies can choke you to death with your fingers!"

When Chu Huaxiong said these words, his face was full of pride. Now Lin Ziming is now different from the past, and the social status of his old man has also risen with the tide.

Liu Suhong also said coldly: "What are you doing so much with them, call Ziming now, and let Ziming come over and teach these gangsters!"

At this time, Chu Guodong stood up and said, "You don't need to call Ziming, so as not to disturb him, we can handle this small matter by ourselves, lest Ziming think that we are useless at all, and small things are troublesome. To him."

When Chu Huaxiong and Liu Suhong heard what Chu Guodong said, they thought it made sense. Now Ziming is a busy person, and he leaves early and returns late every day. If this little thing bothers Lin Ziming, it seems that they are too useless.

Then Chu Guodong made a call, "Hey, is it Ahu? It's me, you Uncle Chu. Now you bring people over to Jinfu Hotel. Someone is making trouble on the place of my Chu family. The more you bring The better the person."

After hanging up the phone, Chu Guodong said coldly to Gu Hanxing and the others: "I don't care what you are from. From this moment on, you have caused trouble, and my people will be here soon!"

Gu Hanxing laughed loudly, "Old man Chu, do you still dare to call someone to save the place? You don't even know who is standing in front of you!"

Suddenly, a Chu family yelled out and pointed at Gu Hanxing and said, "I remember who this guy is! He is the guy who was defeated by Ziming with three punches at the opening ceremony of Aegis security. Dare to come and ask for trouble, it's hardly self-reliant."

The other Chu family members also remembered one after another, and began to laugh, "Who am I? It turned out to be Ziming's defeated general. The face is really thick. That day, Ziming's lesson was so shameless that he still dare to run to us and go crazy. ?"

"Hahahaha, he was beaten and cried by Ziming that day, like a child, now he is taking his parents to avenge him, it's really shameful."
