

Chapter: 757

As he said, he waved his hand, ready to give an order.

At this moment, a middle-aged man in blue clothes next to Wu Meizi spoke, and he stared at Ahu coldly, “Pan Hu, you are so lucky, you dare to interrupt your teacher’s legs! ”

When Pan Hu heard this voice, his expression was stunned on the spot, and he said in amazement, “Master?”

The middle-aged man in the blue clothes stood up, Pan Hu quickly took out a pair of glasses from his pocket and put it on. Finally, he saw clearly what the middle-aged man looked like, his face changed drastically, and he shouted out, “Master, Master. ?!why you!”

Pan Hu has high myopia and doesn’t usually wear glasses, so when he just came in, he didn’t see Wu Meizi and others. Now he can see clearly, his scalp is numb and his feet are swinging.

The middle-aged Xie in front of him is his master Xu Ren!

Xu Ren’s face was cold, and his expression looked particularly scary. Pan Hu was so scared that his scalp was numb and trembling.

“Master, why are you here?” Pan Hu asked in horror. It could be seen that he was particularly afraid of Xu Ren.

This scene reversed so quickly that many Chu family members were confused when they saw it. What was the situation? Isn’t Xu Ren a big brother? Why is there a master? And so afraid of his master? This makes sense!

With a snap, Xu Ren slapped Pan Hu on the face and scolded: “You are so brave, you dare to call the teacher a brute, and you dare to break the powerful leg?!”

This slap in the face made everyone’s heart tremble. The key point is that Pan Hu didn’t dare to have the slightest resentment. Instead, he became even more afraid. He almost shivered and knelt before Xu Ren directly, slapped himself. , Begging for mercy while beating: “Master, I was wrong, master, please forgive me!”

The strong men in the 70s and 80s who originally surrounded them are now shocked one by one. They stepped back a few steps, their scalp was numb, and even their boss was afraid of people, they could not imagine how big the backing of each other was.

“This... why, how could this be?”

Many Chu family members were dumbfounded and looked at Chu Guodong one after another. This situation made them feel scared.

Chu Guodong gritted his teeth, and now he is also a little panicked.

Xu Ren’s face was full of subway greens, and then he made another move that made everyone tremble. He turned his head, then knelt in front of Wu Meizi with a thump, and severed his tail finger with great guilt. He said:

“Master, I’m sorry, the apprentices have no way to teach them, and they offended Master, please be punished by Master!”

This scene really made everyone stunned, especially Pan Hai, who was even more stunned, with an expression of disbelief on his face!

He came to Xu Ren’s school three years ago, and after he also learned from Xu Ren, he learned a lot of kung fu, and then slowly came out of the world. To say who is the person he fears most and admires most in this world, that is Xu Ren. He even thought that Xu Ren was the best player in the country. But now, Xu Ren knelt in front of the middle-aged woman, and also cut off his tail finger, because the apprentice he taught offended him?

This.....

He is really cold in his hands and feet now, as if he has fallen into an ice cave, his fear is extreme.

As for the Chu family, they are trembling now, no matter how stupid they are, they have already realized that they have gotten into a big disaster, and that the other party is not a small and vagrant but a real big man!

No wonder, now that Lin Ziming has become a big man, they dare to come and seek revenge blatantly. It is not that they are crazy, but that they have this strength!
