

Chapter: 762

Wu Meizi?

It was the first time Lin Ziming heard this name. He was a woman, but he didn't need to know who the other party was. Coming with Gu Hanxing was definitely to avenge Gu Xuan!

Knowing that Gu Xuan was dead in his hands, he dared to swagger to his natal home to seek revenge, and beat the Chu family, and the guests together, just to explain one thing. The other party is not only advanced in cultivation, but also in background. The same is profound.

Could it be the president of the North Sky Club?

Lin Ziming thought of this doubt, but soon he shook his head and denied it, there was no such possibility. First of all, the president of the North Sky Club is a man, not a woman. Moreover, the president of the North Sky Club has no need to do such a thing, which has a huge impact on his reputation.

Then there is only one possibility. This Wu Meizi has a very close relationship with Gu Xuan, and he also brought Gu Hanxing with him. Most of them are Gu Xuan's concubine. The martial arts are so strong, at least above Gu Xuan. It should be from the same source as Gu Xuan. A teacher, either Gu Xuan's senior sister or senior sister.

I have to say that Lin Ziming's brain reacted very quickly. Through simple information, Wu Meizi's identity has been inferred!

Moreover, he still has an idea, this Wu Meizi is very likely to be one of the leaders of the last hunting contest, so he will be disqualified as the leader after he has killed Gu Xuan.

If he hadn't been alert at the time and really followed those people in, his life might be in danger.

Thinking of this, Lin Ziming narrowed his eyes, and fierce murderous intent burst into his eyes.

Now that the Chu family felt the anger on his body, they couldn't help feeling frightened, and they didn't dare to speak any more complaints. After all, Lin Ziming is not the former poor son-in-law, but a wealthy and powerful man. boss. Furthermore, Lin Ziming didn't intend to hurt them on purpose.

Feeling their fear, Lin Ziming's expression eased a lot, and she apologized again. Chu Fei also came at this time. She was shocked when she saw this scene in the banquet hall. She ran over and asked: "Oh my god, what happened? Grandpa, mom and dad, why are you beaten like this!"

Liu Suhong's eyes turned red when she saw Chu Fei, and she cried directly.

When other people saw Liu Suhong crying, they were also infected and couldn't help crying.

For a moment, there was a lot of crying in the banquet hall, Lin Ziming watched a scene, the anger in his chest was burning, and it couldn't be

extinguished.

He muttered the names of Wu Meizi and Gu Hanxing, and the murderous intent that he had never had before flashed in his eyes.

In the end, the Chu family was sent to the hospital for treatment. Fortunately, most of the people had skin trauma, at most fractures, which would not cause life-threatening.

The hotel reported to the police that this kind of plot was already quite bad, but Lin Ziming knew that since Wu Meizi dared to do this, she could completely suppress it.

The result was indeed only Pan Hu and others arrested. For Wu Meizi, Gu Hanxing and others, it did not constitute a crime at all.

Lin Ziming knew that it could only be solved by his means.

This matter soon spread out, and it was raging in a day.

“Hey, have you heard that there is any? Lin Ziming’s family was at the Jinfu Hotel yesterday and was beaten by a group of people!”

“What? There is such a thing? Impossible! Lin Ziming is no ordinary person now, the boss behind the three big companies, a while ago, entered the security industry, and moved the cake of the Beitian Club, the Beitian Club did not dare Trouble with him, just ask who dares to move his family.”
