

Chapter: 766

The height of a ten-storey building, if ordinary people jumped down like this, they would have fallen into mud long ago, and even the masters of the acquired peak would be seriously injured if they could not die. But for Lin Ziming, it was a trivial matter. He easily released his strength and landed steadily on the ground, walking like a human.

The innate realm is also called the extraordinary master, not just called it. At this level, it is already considered a super human, and naturally it cannot be treated by ordinary people's standards.

After Lin Ziming left, a red figure suddenly appeared beside the ugly master. "Brother Ziming's talent is higher than I thought. He has improved a lot in this battle with Gu Xuan."

It was neon clothes, she appeared suddenly, like a ghost, if she changed other people, she would have been terrified. Be aware that the door of this room is closed.

But it's not weird that the ugly master is used to seeing it. Nishang always sees the dragon without seeing the end. He turned around and reverently shouted, "Master Nishang, you are here."

Nishang nodded faintly, then sat down on the sofa and said, "This Wu Meizi is overbearing, and he wants to isolate brother Ziming."

The ugly master said: "Yes, Wu Meizi is too strong, with huge energy, this time the young master is difficult."

After a pause, the ugly master said to Nishang again: "Master Nishang, don't you plan to help the young master?"

Nishang said: "No need, brother Ziming can deal with Wu Meizi."

Chou Ye's eyes lit up and said, "Master Nishang, do you mean that Young Master's strength is still higher than Wu Meizi?"

Ni Chang shook his head and said: "That's not true, Wu Meizi has reached the upper level of the innate realm, and brother Ziming is still in the middle level. There is little hope of winning Wu Meizi."

She wore this fiery red dress, which looked like a fire, but she had a cold temperament and a cold expression, which gave people a feeling of combining ice and fire.

Ugly Master frowned slightly, and said with some worry, "Isn't the young master very dangerous?"

"It's dangerous." Nishang nodded and said: "Everything has two sides. Challenges will bring gains. If brother Ziming can defeat Wu Meizi, then his cultivation will take one step again and he will enter the room completely. I can also take him to see his aunt."

Hearing this, the ugly master was stunned for a moment. Then, he opened his eyes wide and said with excitement, "Master Neon, Madam, she..."

Nishang nodded and acquiesced.

.....
On Lin Ziming's side, he stayed on hold for the time being, and went to the hospital to see the Chu family. They were all receiving treatment normally, and his injury slowly improved before he felt relieved.

Now everyone's eyes are on him, to see how he will act.

After all, Wu Meizi has been bullied to this point. If Lin Ziming still doesn't make any moves, then his face will be ashamed, and he won't have to continue to hang around in Hwaseong.

It's still a trivial matter that you can't go on, the key is Wu Meizi's character. Since he has already started this, it is bound to be impossible to let Lin Ziming go!

"Ziming, what do you plan to do next?"

Coming out of the corridor, Chu Fei held his hand and asked worriedly.
