

Chapter: 767

It can be seen that Chu Fei is very scared now, her hands are a little cold. Lin Ziming wrapped her hand backhand and said with a smile: "Don't worry, this is a trivial matter, I can handle it."

Chu Fei bit her lip and said, "I think the other party is quite big this time. Why don't we go abroad to avoid the limelight? Anyway, we have enough money, enough for our family to survive abroad."

Feeling Chu Fei's worry and panic, Lin Ziming felt ashamed. He said seriously: "Fei Fei, you can rest assured, I can handle it well and not lie to you."

Chu Fei could see that Lin Ziming's attitude was resolute, and she didn't even persuade her anymore, but said: "Well! Then you must take care of yourself, no matter what, no accident."

Lin Ziming smiled and said, "I promise you that nothing will happen."

Next, Lin Ziming and Chu Fei talked for a long time, until he received a call from Wang Shougui, Lin Ziming left the hospital.

On the side of the road, there was a black Audi Q7 parked there, Wang Shougui's, with Han Jinlong sitting in the car.

They all didn't have the confidence they had before, but they were worried, and when they saw Lin Ziming, they laughed twice.

Lin Ziming knew what was going on when he saw the two of them like this. After getting in the car, Lin Ziming said jokingly: "Why, you two have also been warned, are you going to draw a clear line with me?"

They had originally prepared a lot of words, but when they heard Lin Ziming's words, they couldn't speak anymore, and they were stunned, especially embarrassed.

Lin Ziming didn't speak, but smiled faintly.

Wang Shougui broke the silence first and asked: "Chairman, are you sure to win this time? The other party seems to have a big backing, and now more than 90% of our partners have terminated their cooperation with us."

Han Jinlong also said: "Now the situation is not optimistic. Ziqiong Media, Tengyue Advertising, and Aegis Security have all been encircled and suppressed. In just a few days, we have lost a lot of money. If this continues, we don't think it will last long."

Lin Ziming probably expected that Wu Meizi would take a shot at his company, but he did not expect that the damage would be so great. In this way, he still underestimated Wu Meizi's ability.

Seeing Lin Ziming's silence, Wang Shougui and Han Jinlong were half chilled, thinking that Lin Ziming was an expression of confidence!

They have heard the advice of many friends around them in the past two days to let them break away from Lin Ziming, so as not to cause trouble to the upper body. To be honest, they have been with Lin Ziming for a long

time. Bo, let them leave when Lin Ziming is in trouble, they still can't do well.

However, if Lin Ziming really wants to fail, they can't be buried with Lin Ziming, after all, they are not single, not only have families, but there are many people behind them eating with them.

How could Lin Ziming fail to understand their concerns? He laughed and said, "I really don't have much hope of winning. Wu Meizi is an absolute master. At present, the strength is above me, and my chances of winning are not great. . If you want to draw a line with me like other people, I won't blame you."

After listening to Wang Shougui and Han Jinlong, their bodies were severely shaken, and they couldn't help but feel a sense of shame and sorrow in their hearts.

Although Lin Ziming is much younger than the two of them, in their minds, they have already recognized Lin Ziming's leadership position. Now they are required to betray when Lin Ziming is greedy for life and fear of death. They are still true. Can't do it.

Finally, the two of them looked at each other and exchanged briefly. Wang Shougui first said: "Chairman, Wang Shougui has skipped a lifetime and changed no less than ten bosses. Now I don't want to change bosses anymore! Chairman, I I have decided with you. Even if you lose to Wu Meizi this time, I will not bow to Wu Meizi! At that time I will try my best to survive, run Ziqiong Media and take care of your family!"

Han Jinlong also took a deep breath and said, "Chairman, I also mean Mr. Wang. I, Han Jinlong, today, I don't know how many bosses have been sold out, and how many times I have been a traitor. But now I I don't want to be a traitor anymore. Chairman, I will recognize you in my life. Wang always manages Ziqiong Media well, and I will continue to manage Tengyue Advertising. When the time comes, I will distribute your dividends to you as usual. Family! If Wu Meizi wants to take action against your family, then they must step over my corpse first!"

Lin Ziming was stunned. He had no idea that Wang Shougui and Han Jinlong, these two guys who had been over a hundred years old together, would be so loyal to him. For a while, his heart was blocked, a kind of past. I have never felt moved and blood rushed to my heart.
