

## Chapter: 771

Today is his 32nd birthday, and a fortune teller told him before that it is best not to celebrate the 32nd birthday, because this is a long and two shortcoming, and it is a disaster in his fate.

He is very shameless about this. What age is it, and he still engages in feudal superstition, and it is still short and long.

Not only does he want to do it, but he also wants to do it. He invites all the people he knows, who have a good face, and through this opportunity, he wants to announce that he Gu Hanxing is back, even if his old son Gu Xuan is dead? He now has a harder backstage, covered by Wu Meizi, he is not walking sideways in province G!

Since offending Lin Ziming, he has been holding back a fire. People in the circle thought he was suppressed by Lin Ziming and slandered him secretly. Now he has to pass this opportunity to prove himself!

Now Wu Meizi takes special care of him. Knowing his thirty-second birthday, he personally came forward to sit for him. Many people with good looks, because of Wu Meizi's face, rushed over.

By five o'clock in the afternoon, many, many people had already arrived. Because of this situation, Gu Hanxing did not choose to do it in a hotel. Instead, he arranged it in a huge gymnasium. This style was great.

Many people were surprised to see this kind of scene after they arrived. There are more rich people in G province, but Gu Hanxing is the first birthday party held in the gymnasium.

Gu Hanxing looked at these densely packed people, this unprecedented grand scene, and felt very sad. At this moment, he was the winner of life and stood at the pinnacle.

"Uncle Master, do you think Lin Ziming dare to come?" Gu Hanxing turned around and said respectfully to Wu Meizi.

Today's Wu Meizi is wearing a dark red dress, looking very retro, with the feeling of a female Taoist priest.

The expression on her face was cold, and she said lightly: "Do you want him to come or not?"

Gu Hanxing was asked a little bit. To be honest, he was somewhat afraid of Lin Ziming. After all, he was defeated severely by Lin Ziming in the previous encounters.

"Of course I hope that he will come. He came to die!" Gu Hanxing immediately changed his voice and said flatteringly: "However, today there is an uncle who sits in town and gives him a hundred courage, and he definitely does not dare to make trouble."

Wu Meizi knew that Gu Hanxing was flattering, she was still very happy, because she was a person who likes to listen to good things.

"I hope he dare to come, so that I can save a lot of things, and can also

create momentum for your birthday.” Wu Meizi said.

Gu Hanxing was even more excited after hearing this. Yes, if Lin Ziming really dared to come and die in front of so many people and die at the hands of the uncle, then his prestige would be even greater! At that time, who would dare to offend him, and who would dare not give him face!

Here at Ouyang Yanran, she and a few classmates also came over, and they were shocked to see that a birthday party was actually held in the gym, and there were so many people.

“Wow, this Gu Shao is too awesome. He actually held his birthday in the gym. At least three thousand people came. This is comparable to a small concert!”

“Let me just say, Gu Shao is very awesome, you don’t think so many people, but not everyone can come to participate, only people with status and status can participate.”

“It’s awesome, I don’t know if Shao Gu is married? If you can hook up with him, then you will be a counterattack in this life!”

Several female classmates had red hearts in their eyes, and Ouyang Yanran was a little shocked when she saw this scene.

And she also saw that many of the guests who came to the scene were big people with good looks.

Suddenly, she thought about it. I wonder if Lin Ziming will come to Gu Shao’s birthday party?
