

Chapter: 777

As soon as Ouyang Yanran wanted to speak, Lin Ziming said, "I am a vagrant, and I have a fascinating comparison with you children of the rich family."

Lin Ziming didn't make a mistake on this point. He has already handed over the management rights of the three companies. Now he is only responsible for dividends, so it is appropriate to be a vagrant.

Sure enough, when they heard that Lin Ziming was a vagrant, they all showed expressions of contempt and disdain.

Ouyang Yanran was taken aback. She didn't expect Lin Ziming to answer this way, but she didn't even break Lin Ziming. Instead, it was the contempt of Luo Zifeng and others, which made her feel particularly uncomfortable.

Another boy said: "By the way, I think you are not too young anymore. I don't know which prestigious school you graduated from?"

They are all top students of the University of Finance and have a natural sense of superiority in their academic qualifications.

Lin Ziming smiled again and said, "I haven't been to college."

"Hahahaha...Isn't there, in today's society, is there anyone who has gone to college?"

"Why, is it shameful to have gone to college?" Lin Ziming asked, squinting. The boy waved his hand and said, "It's shameful for us, but it should be normal for you. After all, you are a person of your age and you are still a vagrant. Going to college is too far away for you."

Several other boys also laughed, with a particularly playful expression.

Ouyang Yanran's face became even colder, she especially disliked these people laughing at Lin Ziming. It was obvious that they were just a group of second generation ancestors who had mixed up with their homes, and they were not comparable to Lin Ziming!

"Enough of you!" Ouyang Yanran couldn't help it, staring at them. "Lin Ziming is not a vagrant. He is just teasing you. He is the chairman of dignified Ziqiong Media. In addition, there are Tengyue Advertising and Aegis Security are far more powerful than your elders, so you guys dare to taunt him? Where do you get your courage!"

Ouyang Yanran rarely gets so angry. The faces of these people just now make her look down.

They were stunned for a while, and then Luo Zifeng chuckled out, "I said Yanran, your joke is too big, just like him, can you still be the chairman of Ziqiong Media? Be a fool."

"Isn't it? He's a low-end item, he's a takeaway, haha."

"Needless to say, Ouyang Yanran must have been deceived by this guy."

They didn't believe it, but they all ridiculed each one.

Even those female classmates now agree that Ouyang Yanran was fooled by

Lin Ziming. As long as they are normal people, they would not believe that Lin Ziming is the big boss. Isn't that a joke?

A female classmate pulled Ouyang Yanran aside and said worriedly: "Yan Ran, what's your situation, you were deceived by this guy."

"Yeah, Yanran, I think you'd better have a snack. There are so many scammers now, so I love to find a beautiful woman like you to start, cheating money and sex."

"It seems that Laibinbai's betrayal had too much influence on you, and you were actually deceived, alas..."

Ouyang Yanran said, "What nonsense are you talking about! What I said just now is true. Lin Ziming is really the chairman of Ziqiong Media and he is very rich."

Several girls were even more worried when they saw Ouyang Yanran's conviction, thinking that Ouyang Yanran had been brainwashed.

Ouyang Yanran still wanted to explain, but she didn't care about Lin Ziming's face, as if she didn't care about being laughed at, she was discouraged and didn't want to explain.

Then they talked about Gu Hanxing, the birthday star tonight, and a boy asked Luo Zifeng: "Shao Luo, I heard that you and Gu Shao have a good relationship. Can you introduce us to it?"

When the girls heard this, they turned their attention away and stopped talking about Lin Ziming, the little character.

Luo Zifeng said triumphantly: "Then you are really asking the right person. Gu Shao and I have been good friends for many years. As long as I say hello to Gu Shao, it is not a problem for you to mix faces in front of Gu Shao. To catch the line of Gu Shao, it will depend on your ability."

After they listened, they were all fascinated.

Lin Ziming heard this, with a strange expression on his face, and then smiled at Luo Zifeng and said, "Shao Luo, since you are so familiar with Gu Hanxing, I wonder if you can also recommend me?"
