

Chapter: 791

Don't think she is a woman, but her fists and feet are so strong that she is completely messed up, completely breaking a woman's weak nature, not only fists and feet, but also a steady stream of physical strength.

If it were for other Innate Realm masters, facing such a fierce attack by Wu Meizi, he would have been jealous for a long time.

However, Lin Ziming was not affected at all, because he was already a 'body'.

And his fighting instinct is surprisingly terrifying, and he still has the ability to learn, like a sophisticated computer, learning Wu Meizi's moves in a short period of time, and then perfecting himself, slowly turning from a disadvantage to a evenly matched one. status.

Wu Meizi became more and more frightened. She once suspected that Lin Ziming was not a human being, but a machine!

Suddenly, she yelled at Lin Ziming. A huge sound wave spread out from her mouth and rushed towards Lin Ziming. The sound resounded across the sky and was deafening, even a little bit by Gu Hanxing, who was hundreds of meters away. I couldn't bear it, I had to cover my ears, and the pain was buzzing. As for other ordinary people, it was even more unbearable.

This is comparable to the lion roar in the martial arts movie, and its power is amazing.

This is one of Wu Meizi's killer features. Even if he is a master of Innate Realm, his eardrum will be broken and his strength will be greatly reduced, and he will be defeated.

But Lin Ziming seemed to be an unexplored prophet. When Wu Meizi issued the 'lion roar technique', he reacted in advance, and saw that his earlobes were spiritually like, tightly pressed against the pierced ears, and avoided Wu Meizi. The sound waves hit.

Almost at the same time, Lin Ziming also yelled at Wu Meizi. The voice was louder than Wu Meizi, and even louder. It fell in the ears of everyone, as if it was a dragon chant, which shocked the mind. .

Wu Meizi's face changed drastically in an instant!

She didn't expect Lin Ziming to learn so quickly, and she still meant that blue was better than blue. This sound made her hair and clothes float up, showing how strong and loud her voice was.

Boom!

Wu Meizi's brain exploded. She didn't have the skill of Lin Ziming's earlobe sticking to her pierced ears. At this moment, her eardrums were about to rupture, blood was leaking from both ears, and her mind was also extremely shocked! As a result, her movements were a bit slow, although it was only a flash, but in front of such a top master like Lin Ziming, any flaws that appeared would be fatal.

Lin Ziming immediately caught this opportunity and punched out, silently, as if from the void, a fist appeared, which blocked all Wu Meizi's retreat, causing Wu Meizi to be unable to hide anymore. Watching this punch helplessly hit her chest.

With a bang, a dull and loud noise, Wu Meizi spurted blood in response, and with great strength, she directly broke up her bottom plate, and the whole person flew out like a fate.

Then he fell heavily to the ground, his face was full of pain, and then he was seriously injured!

The audience was silent for a while.

Everyone was dumbfounded, and couldn't believe that the scene before him was true. Wu Meizi was actually defeated by Lin Ziming? This is too...subverted!

This punch broke Wu Meizi's ribs several times, and also shattered all her confidence.

She lost, actually lost to a junior like Lin Ziming!

Gu Hanxing's pupils contracted, his face was full of fear and disbelief, and he was so pale that there was a trace of blood, his legs were swinging, and his mouth kept saying: "Impossible, impossible...How could Shishu not be Lin Ziming? Opponent..."
