

Chapter: 792

Isn't it right, Wu Meizi is a super master in the upper class of the Innate Realm, and she is very famous in the circle, so many people are afraid to avoid her. As for Lin Ziming, he was just a newcomer who had just been promoted to the congenital realm, less than half a year old.

Moreover, just a few months ago, Lin Ziming was only an acquired pinnacle master, and he was in the same state. How long has it passed before that he has become an unattainable existence?

He is really unwilling and unconvinced!

Why, why is there such a heaven-defying person in this world, and how does this make other people live? ?

In the same way, Wu Meizi was the one who frightened the most. In the life-and-death struggle with Lin Ziming just now, she could clearly feel that Lin Ziming was constantly improving, and her learning ability was abnormal. She had never seen anything like this before. people!

Why is this happening? It's unscientific.

In particular, Lin Ziming's last punch was too subtle. Until now, she hasn't figured out how Lin Ziming made that punch. With such a powerful force, it hurt her directly!

The more than 3,000 people present all looked at Lin Ziming with awe and shock. At this moment, no one dared to look down on Lin Ziming, and no one dared to look down on him again.

Especially some of the people who slandered him, now all have a numb scalp and start to panic and fear. They can't wait to give themselves a big slap, what did they just do!

As for Tao Sanniang, her eyes are now bursting with tears, and she is extremely excited. Lin Ziming won, and she has not disappointed her! Proving that her choice was correct, a light appeared in her originally gloomy life, driving away all the gloom.

Lin Ziming, under the gaze of so many people in the audience, he started to move and walked towards Wu Meizi. His eyes were cold, but there was still no emotion.

It means that he is still in the state of a 'body', not emotional, and not conscious, but it is completely out of the state of combat instinct.

Soon he walked in front of Wu Meizi. Wu Meizi saw his cold eyes and could not see a trace of 'person'. Even if it was her psychological quality, she couldn't help but feel her heart tightening now. Afraid.

"Lin Ziming, I really underestimated you, I lost, from now on..."

Wu Meizi was softened and gave up. With her current state, it is impossible to be Lin Ziming's opponent. If she still fights Lin Ziming, there is only one dead end.

She lowered her head, and a bit of cold flashed in her eyes. With her

character, how could she give up? When she recovers, she will kill everyone around Lin Ziming, and then Lin Ziming will die!

It was this trace of her murderous intent that was caught by Lin Ziming, and when she hadn't finished speaking, she was kicked by Lin Ziming with a whip. The speed was extremely fast, close to the speed of sound, and the air was blown up with a bang. Wu Meizi realized that it was not good and wanted to dodge, but because she was seriously injured, her speed was greatly affected, and she couldn't dodge. She was kicked heavily by Lin Ziming's whip, screamed, and took another bite. The blood spurted out and was kicked by Lin Ziming more than ten meters away.

This kick is too heavy, it will break her waist!

Originally, Lin Ziming's punch was enough to hurt her vitality, and Lin Ziming's kick made her lose the ability to resist.

She gritted her teeth and shivered with anger. When was Wu Meizi hurt like this? Or in front of so many people, she was going crazy!

"Lin Ziming, you dare to attack me sneakily, you are looking for death!"

Wu Meizi threatened Lin Ziming coldly.

But as soon as she finished speaking, her pupils shrank suddenly. In her sight, Lin Ziming had already walked in front of her again. His eyes were black and white, and there was no emotion. It was just a cold machine. The Lin Ziming at this time Ming, the demon who crawled out of hell, wants to swallow her!

She immediately felt Lin Ziming's killing intent, no, or it can't be called killing intent. It just didn't treat her as a human being. Now Lin Ziming only has the pure instinct to fight, he wants to treat her like a pig or a dog. End of Life.

Scared, Wu Meizi was really scared, and she began to tremble from the depths of her soul!

"Lin Ziming, you can't kill me..."
