

## Chapter: 804

“Yu Rong, what are you doing standing there stupidly? Say hello to Lu Fan.”

Tao Sanniang’s mother Peng Yulu glared at her and said in a commanding tone.

Tao Sanniang was very upset, but she didn’t dare to disobey her mother Peng Yulu’s meaning, so she greeted Lu Fan perfunctorily, and anyone with a discerning eye could see that she was not waiting for Lu Fan.

Peng Yulu frowned immediately and said angrily: “Hey Tao Yurong, what kind of attitude do you have, half dead?”

Lu Fan stood up and smiled and said roundly: “Auntie, don’t scold Yu Rong, I kind of like her character.”

Peng Yulu smiled and said, “Hey, Lu Fan, your child is polite. Auntie really appreciates you more and more.”

The smile on Lu Fan’s face was even brighter, his eyes were on Tao Sanniang’s face, and he made no secret of his love for Tao Sanniang.

Even the sight of Tao Sanniang secretly scanned Tao Sanniang’s body, revealing a trace of salivation and swallowing.

How keen her eyes were, she immediately noticed the look in Lu Fan’s eyes, and she became even more disgusted with Wen Lu Fan in her heart. It’s Lin Ziming, an upright gentleman, who has never taken advantage of her.

Because Lin Ziming looked too ordinary, Lu Fan didn’t even put him in his eyes. Lu Fan took out an exquisite box, opened it, and took out a string of diamond necklaces inside. He walked towards Tao Sanniang, smiling. Said: “Yu Rong, this is a diamond necklace I bought from abroad. It suits your temperament. I hope you like it.”

This string of diamond necklaces is particularly dazzling, and you can see that it is valuable at first glance. Under the shining of the light, it flashes a dazzling light, full of extravagance and extraordinariness, and makes many people in the house open their eyes. Staring straight.

“Wow! This diamond necklace is too beautiful, shiny, worth hundreds of thousands!”

“Ho ho, hundreds of thousands? Do you think you have a lot of hundreds of thousands? There are a few million of this kind of diamond, so you can’t get it! And you don’t look at who sent the necklace, Mr. Lu, we Where is the nephew of Yuancheng City Lord, can he give away hundreds of thousands of necklaces?”

“That’s... a diamond necklace of millions of dollars. Young Master Lu is still magnificent. If someone is willing to give me such an expensive gift, I will marry him without saying a word!”

“Not everyone has such a good life as Tao Yurong...”

Lu Fan gave out this diamond necklace, which caused a bunch of Tao

family members to exclaim, and each of their eyes glowed.

When Lu Fan saw their reaction, the corners of his mouth were raised more and his face was filled with pride. In his opinion, there were no people in this world who could resist the charm of diamonds, and Tao Sanniang was no exception.

Tao Sanniang is so beautiful, especially the kind of charming temperament, like a fairy, full of femininity, this type of woman, he has never seen this type of woman before.

This is an absolute stunner, once on the bed, the taste will definitely burst!

Peng Yulu widened her eyes when she saw it from the side, and said, “Oh, Lu Fan, why are you giving such an expensive gift? You can’t do it!”

Lu Fan straightened his waist and said with a smile: “Auntie, what’s wrong with this? I have always loved Mu Yu Rong. When I and Yu Rong are formed, I will give more precious gifts. Now this string of 8 million yuan. The diamond necklace is just a meeting ceremony.”

“What, what?! Eight, eight million!”

Peng Yulu opened her eyes wide, her breathing became rapid, her expression full of shock.
