

## Chapter: 807

After a pause, Lu Fan chuckled again, and said, “Where do I put the face of my uncle of the city lord? Before I set off today, the uncle of the city lord even called me specifically and was very concerned about this marriage... .. My city lord uncle has loved me very much since I was young. If this is passed to the city lord uncle, huh! Your Tao family’s end may not be so good.

He said this, full of threats, Peng Yulu’s face turned pale after listening to her, she shed cold sweat, and the status of the ‘city lord’ was too heavy for her! She can’t offend it at all.

“Lu Gongzi calm down.” Peng Yulu calmed Lu Fan, and then said: “Don’t worry, Lu Gongzi, she brought the man back this time, Sanyatou, she deliberately pissed me off. The man outside could never be hers. Subject, as far as it is said that they have lived together for a long time, that is even more nonsense!”

“This girl has been single all these years and refuses to find someone. I urged her many times. She became impatient with me, so this time she deliberately found an actor to deal with me. I’m sure that she is still single now! “Peng Yulu said categorically, and finally she added, “Also, from the way she walks, I know that she is still a virgin now, and you will get along with Master Lu by then, and it will be yours for the first time.”

When Lu Fan heard this, his face looked a lot better, and his mood became more cheerful. He asked, “Auntie Peng, are you sure Yu Rong is really a virgin?”

Peng Yulu saw that Lu Fan’s face looked much better, she immediately breathed a sigh of relief, and said, “Of course, I am her mother. I still don’t know if she is a virgin.”

Lu Fan nodded and said, “Since Aunt Peng has said so, then I will save auntie. I want to marry Yu Rong, not just for fun.”

“Auntie understands, auntie understands.”

When the two of them were chatting alone in the room, Lin Ziming and Tao Sanniang were in the room, and they became what Qianfu pointed out.

Everyone stared at Lin Ziming badly, and many men wanted to beat Lin Ziming with their hands.

Regarding this, Lin Ziming sat calmly, and he had experienced the biggest scene, and now these things can’t cause the slightest disturbance in his heart. Many elders began to point out to Tao Sanniang, “Sanya, it’s not that I said you, you are so old, why are you so ignorant! How long did your mother spend to get you on a blind date? Son, as a result, you brought a savage man back. This is going to piss us off!”

“What a good person Lu Gongzi, the nephew of Lord City Lord, has a deep background and a bright future. You can marry him, it is the blessing of

your previous life!”

“Sanya, I’m over here, you dump this man right now, and marry Master Lu as soon as possible.”

Tao Sanniang said with a cold face, “Fart, I can’t marry Lu Fan!”

“you.....”

“You girl, it’s too much, do you still have the Tao family in your eyes!”

At this moment, Peng Yulu and Lu Fan walked out, and the other Tao family members stopped talking. They all put on good looks and went to flatter Lu Fan.

Peng Yulu walked over and said to Tao Sanniang: “Come here, Mom has something to say to you.”

Tao Sanniang didn’t move right away, but first asked Lin Ziming, and after getting Lin Ziming’s nod, she left with Peng Yulu.

As a result, Lin Ziming and a group of fierce Taoists remained in the huge hall.

Several young and strong young men from the Tao family surrounded Lin Ziming and wanted to behave violently against Lin Ziming.

Lu Fan gestured to them not to do anything. He walked up to Lin Ziming and stared at Lin Ziming condescendingly. He said in a commanding tone: “From today, leave Tao Yurong.”
