

## Chapter: 810

The movement was so loud that everyone in the room was shocked, especially Lu Fan, who was drinking tea leisurely, was so scared that he swallowed a mouthful of hot tea, and screamed hot.

When Peng Yulu saw this group of people breaking in, she immediately became annoyed, slammed the table, and cursed loudly: "Hey! Who are you that kicked my door badly, wanting to die!"

There are about ten people in this group, all men in suits. The man in the middle looks at his thirties, wearing a brand-name suit and sunglasses on his face. When he looks at him, he knows that he is not good. It's a big shot.

As for the group of suits behind him, they are also very prestigious.

After they entered, the aura immediately covered the entire house, and the originally angry Tao family members were immediately suppressed.

Especially there was a middle-aged man who saw this group of people coming in and his face turned pale in fright. He hurriedly hid behind the others, not daring to run out, for fear of being discovered.

"I'm here to find Tao Ziqiang, let him get out of me."

The man in the suit and sunglasses said in a very flat tone, with a faint smile on his face, as if he was chatting with an old friend.

Everyone was stunned for a moment, and then turned their eyes to Tao Ziqiang who was hiding behind him!

Tao Ziqiang was discovered in an instant, his face was extremely pale, his face was full of fear, and his feet were even swinging.

At this time, he had to bite the bullet and walked out and said: "Ding, Ding, are you here?"

The man in a suit and sunglasses looked at Tao Ziqiang, took off his sunglasses, and said with a smile: "Tao Ziqiang, you are not so courageous, you dare to hang up my phone, do you think you are hiding here? Can't find you?"

The man in the suit and sunglasses was smiling on his face, but he was very gloomy, and there was a little smile in his eyes, which made people look creepy. In an instant, Tao Ziqiang's face became paler, and his legs swayed frantically.

"Ding Dingding, Ding Ding, I didn't mean to avoid you, I really don't have money, please can you..."

Tao Ziqiang didn't finish his words, so he was punched in the face by the man in a suit and sunglasses. With great strength, he directly knocked Tao Ziqiang into the air and fell to the ground screaming.

The other Tao family members were taken aback, and soon they reacted. Some men immediately stood up, pointed at the man in suit and sunglasses and cursed, "Hey! You are so brave, you dare to break into our Tao's house and beat others. , I think you are tired of living!!!"

“What are you doing so much nonsense with them, just fuck the guy, kick them out, and call the police!”

“Yes, report to the police. They are going into the room and beating people. It is a criminal case and they must be sentenced to jail!”

The other Tao family members all started to call the police.

However, the man in the suit and sunglasses was not afraid. Instead, he sneered even more and said to Tao Ziqiang: “Tao Ziqiang, I think you are impatient and want to call the police? Okay, then you call the police and give it a try!”

Tao Ziqiang seemed to know that the other party had a great background. After hearing this, his face became paler with fright. He quickly said: “Don’t call the police! Call the police and it will be over! Our Tao family will be over!”

The Tao family who originally wanted to call the police, seeing Tao Ziqiang panicking, realized that something was wrong, the other party might really be a big man!

Tao Ziqiang was originally a big boss. At his peak, he could earn three or four million yuan a year. He was quite prestigious in the Tao family. None of them had seen Tao Ziqiang look so scared.

So those people dare not call the police anymore.
