

## Chapter: 813

After a while, Lu Fan got through and he turned on the speaker on purpose, “Hey, Uncle City Lord, are you free to talk now? I have one thing to tell you.”

There was a slightly tired voice on the phone, “What’s the matter?”

“It’s like this...” Lu Fan said the matter just now, adding his jealousy, and finally said: “Uncle, this surnamed Ding is too arrogant. I just call you trash! I said it was you. His nephew, he was taught a lesson by him, it was impossible to know what to do!”

When Lu Yingjie heard it, he became furious, slammed the table and cursed: “It is unreasonable, there are such arrogant beasts, where are you, I will send someone over now!”

After hearing this, Lu Fan was overjoyed and hurriedly reported his position to Lu Yingjie. The other Tao family members were also overjoyed.

However, at this moment, the man in suit and sunglasses said to Lu Fan’s phone, “Lu Yingjie, are you brave enough to call me a brute? Very good, I remember!”

The man in the suit and sunglasses was full of coldness and anger. Lu Yingjie was obviously silent for a while, and then he said anxiously: “Ms. Ding, is it you?”

“Otherwise, who do you think it is?” The man in suit and sunglasses continued to say coldly: “I will report today’s matter to the boss. I don’t know if you can be so beautiful then!”

Suddenly, Lu Yingjie became visibly panicked when he heard this, and said quickly, “Misunderstanding, misunderstanding, this is a misunderstanding! Mr. Ding, I don’t know that Lu Fan, the bastard provokes you! Lu Fan! You fucking want to die. , Even Mr. Ding dared to offend him, you fucking apologize to Mr. Ding on his knees right now, or you just wait to die!!”

When Lu Fan heard the roar on the phone, he was completely stupid. With his mouth wide open, he could swallow an egg and looked at the man in suit and sunglasses on the opposite side like a ghost.

He grew up so old, and he has never seen Lu Yingjie look so worried and fearful. In that case, this surnamed Ding is really a big man, far from what he can offend!

For an instant, his heart was ashamed, his face lost his blood, his legs were trembling and he was shaking.

As for the other Tao family members, they are not much better than him, and they are even more afraid.

Oh my god, even the lord of the city must be afraid of people, how big is the backing of the other party?

At this moment, all of them were extremely scared.

The man in a suit and sunglasses walked over, squeezed Lu Fan’s face, and

said jokingly: “City Lord Nephew, right? You were arrogant just now, and you want to take me to jail? Now you are acting!”

Lu Fan’s face was pinched and deformed, and his whole body was trembling in pain, but he did not dare to resist, because he was completely scared.

“President Ding, yes, I’m sorry...” Lu Fan cried and begged for mercy.

The man in the suit and sunglasses kicked over and kicked directly into Lu Fan’s crotch. With great strength, he kicked him upside down. Everyone vaguely heard the sound of broken eggs, and Lu Fan let out a scream.

“Grass mud horse, a rubbish, dare not pretend to be in front of Lao Tzu? I don’t know how to write dead words!” The man in suit and sunglasses looked fierce and looked so fierce. Many Taoists were so scared to cry, especially Tao Ziqiang. Not to mention, he was already limp on the ground.

Tao Sanniang is also very scared. Anyway, these are her family members. If something really happened, she would not be able to bear it.

The man in the suit and sunglasses swept across everyone, and said in a cold voice: “Who else has a bigger backing who wants to protect Tao Ziqiang? Stand up for me! Are there any? Are all persuaded? Okay, Tao Ziqiang, I will ask you now, Can you pay me one hundred million today? No, you just die.”

Tao Ziqiang was so frightened that he was fighting with his teeth. He knelt in front of the man in suit and sunglasses, begging for mercy: “President Ding, I was wrong, I was wrong, I really can’t get a hundred million now, your lord has a lot. Can you forgive me for a few more months, I don’t want to die, I really don’t want to die, oooooo...”

The other Tao family members felt very uncomfortable when they saw Tao Ziqiang’s collapse, and they became even more panicked.

The man in the suit and sunglasses smiled coldly, “Don’t want to die? Now your life is not your turn. Your dog’s life is mine! Come on, drag this guy away for me.”

“Yes! Mr. Ding.”

Two men in suits came out and wanted to drag Tao Ziqiang away. However, at this moment, a tall figure came out and said lightly: “Ms. Ding, have you passed?”

Everyone looked over, and it was Lin Ziming, looking lazily.
