

Chapter: 817

Lin Ziming couldn't laugh or cry when she heard Tao Sanniang's words, feeling she had misunderstood just now.

He looked at Ding Yan who was so scared that he was about to pee his pants. He was embarrassed and waved his hand and said, "Okay, get up. My woman said yes. You really don't know that I am here. Those who do not know are not guilty. You don't have to, just don't trouble the Tao family in the future."

Ding Yan breathed a sigh of relief and knocked Lin Ziming three more heads. After solemnly thanking Lin Ziming, he stood up and said, "Master Lin, don't worry, I will retreat when I see the Tao family!"

Lin Ziming waved his hand and said, "Okay, let's go."

Ding Yan didn't leave right away, but cautiously said, "Lin, our boss has always admired you and wants to see you. I don't know if Lin has this time to have a meal with our boss?"

Through the conversation between Ding Yan and Lu Yingjie just now, Lin Ziming probably also knew that Ding Yan's boss had a lot of background.

He thought about it and said, "When will your boss be free?"

Ding Yan was overjoyed and said quickly: "My boss is available at any time! Why don't I just call my boss now? Is that okay?"

"What do you think?" Lin Ziming asked, looking at Tao Sanniang.

Tao Sanniang thought for a while and said, "Since Ding Yan's boss is so enthusiastic, it's better to choose a day than hit the sun. Shall we have dinner together tonight?"

"Okay." Lin Ziming nodded and said directly to Ding Yan: "Then tell your boss, let's eat tonight."

"Okay, okay! I will tell my boss! Great! My boss will be very happy if he knows that he can have dinner with Master Lin!" Ding Yan was in a state of madness, extremely excited, Lin Ziming watched As he knocked his bloody forehead, blood was flowing all over his face, and he was a little bit embarrassed.

With a wave, they dismissed them.

After Ding Yan and the others left, the room fell into absolute silence. Everyone looked at Lin Ziming, their eyes filled with awe, admiration, excitement, excitement, panic, regret...

Lin Ziming has long been familiar with this kind of scene, but he didn't have any disturbances, anyway, his source city this time was purely for Tao Sanniang's face.

Tao Sanniang was particularly relieved now, and said with her hands on her chest, "Why didn't you talk anymore, weren't you very good at talking? By the way, who just said to kick Ziming out? Now you are. Do it."

All the Tao family members were afraid to speak, lowered their heads, very

scared and regretful.

Tao Sanniang snorted heavily, particularly happy.

At this time Tao Ziqiang came over, rubbed his hands, and said with excitement and gratitude: “Sanya, Master Lin, thank you for what happened just now, thank you very much!”

Tao Ziqiang’s wife and children also came over to express their gratitude to Tao Sanniang and Lin Ziming, especially to Lin Ziming.

Peng Yulu came back to her senses, she was full of excitement, and she walked over and said: “Yu Rong, I know you are promising and found a big man. Mom is really proud of you, haha!”

Many Tao family members also started to flatter.

“Really?” Tao Sanniang said with a nonchalant smile: “You just kept scolding me for being ignorant and brought me trash back. Why don’t you tell me now?”

Hearing her words, all Tao family members were embarrassed.

At this time Tao Sanniang put her gaze on Lu Fan and said, “Master Lu, weren’t you very prestigious just now? How could this be persuaded?”

Lu Fan slapped all over his body and was about to cry.
