

Chapter: 821

Needless to say, Wu Meizi was even an upper-level master in the Innate Realm, a famous female demon, but as a result, Lin Ziming was beaten to death.

Jiang Liqun is over forty years old this year, even if he can break through the innate realm, he will never catch up with Lin Ziming's footsteps in his entire life.

Jiang Liqun's lips moved. He wanted to refute, but he couldn't say anything to refute, because Lin Ziming made a mistake.

During this period of time, he has specially investigated Lin Ziming. The more he investigates, the more surprised he is, and the more he is in awe of Lin Ziming!

Now that Lin Ziming ridiculed him in front of his subordinates like this, he did not dare to have any dissatisfaction, some were just dejected and shocked.

He has always been known for being sleek, and his best skill is dealing with him. Even if the enemy is in front of him, he can be said not to hate him.

But now, facing Lin Ziming, he couldn't get smooth, because Lin Ziming was sitting there, like a big mountain, pressing him out of breath!

After a long time, he sighed and said: "You are right, even if I break through the innate realm, I will be an ant in front of you, alas."

At this moment, he was full of depression, completely without his previous domineering and vigorous spirit.

Ding Yan and the others are waiting for their subordinates, and they are not particularly unhappy now.

At this moment, Lin Ziming suddenly said, "How did Wu Meizi reject you?"

Jiang Liqun was taken aback, and then he reacted and said: "Wu Meizi's conditions for her to open are too high. She wants 90% of my property, and I must break through the innate realm and worship her."

This request sounds excessive, but Lin Ziming nodded and said, "It's not too much."

Is this not too much?

Tao Sanniang felt that Lin Ziming was a bit too much.

Jiang Liqun gave a wry smile, without speaking.

Lin Ziming continued, "But Wu Meizi obviously failed. She has the ability to help you break through to the innate realm."

"Not bad." Jiang Liqun glanced at Lin Ziming and nodded in a deep voice.

Then, he still read with emotion, "Shu Road is difficult, it is difficult to go to the sky, and it is inherently more difficult, it is difficult to go to the sky!"

Everyone present felt his unwillingness and despair.

But what else can he do? If he can't break through, he can't break through.

Lin Ziming looked at him, and suddenly said, “What level of innate realm is your enemy?”

Many people think that Lin Ziming’s words are nonsensical, and it is so good that they have been involved in the enemy’s family. Besides, with Jiang Liqun’s current strength and status, who can be his enemy’s family.

However, after Jiang Liqun heard his words, his eyes suddenly widened, full of horror, and he cried out in a silent voice, “You, how did you know?!”

Hearing his words, everyone reacted. Lin Ziming was right. Jiang Liqun really has an enemy, and he is also a master of the innate realm!

Lin Ziming smiled. He didn’t have the slightest reason to break Jiang Liqun’s pride, and said lightly: “Your eyes told me the answer.”

Now, Jiang Liqun was even more in awe of Lin Ziming!

This secret, even his closest subordinates didn’t know, and Lin Ziming realized it when he thought of a meeting.
