

## Chapter: 822

Lin Ziming was drinking tea to himself, with a mysterious smile on his face. After Jiang Liqun hesitated for a while, he said, "Lin's eyes are as bright as a torch, and he can see through it at a glance. Jiang admires him so much!"

Lin Ziming said meaningfully: "With half of your assets as the price, I believe it is not difficult to ask others to take revenge. Why do you need to do it yourself?"

Yes, if Jiang Liqun has a net worth of tens of billions, if he really wants to take revenge, he doesn't need to spend half of his assets as a price. Give him 10 billions and ask an innate realm master to take revenge. More secure?

Jiang Liqun clenched his fists, his eyes burst out with terrifying hatred, he wanted to burn the air in front of him, gritted his teeth and said: "What kind of revenge is by someone else's hand? I will do it myself and beat him. dead!"

The others in the box were scared by Jiang Liqun's current hatred. It's too hideous and completely different from Jiang Liqun's usual elegant and easygoing appearance. Ding Yan and others have been with Jiang Liqun for so long and have never I have never seen Jiang Liqun look so hideous.

Lin Ziming looked at Jiang Liqun deeply and said, "I can help you break through the innate realm."

Jiang Liqun was overjoyed in an instant, and said excitedly: "Really! That's great, thank you, Master Lin, thank you, Master Lin!!"

"You don't have to thank you so quickly, I still don't have the qualifications to say about me." Lin Ziming put down the wine glass and said lightly.

"Master Lin, just speak up." Jiang Liqun said.

Everyone looked at Lin Ziming again, wondering what kind of conditions he would propose.

Lin Ziming's eyes flashed some subtle lights: "I want you as a person."

Jiang Liqun's expression changed immediately. He is a wise man. How could he not understand what Lin Ziming meant? Lin Ziming is not just asking half of his assets, but all!

This appetite is bigger than Wu Meizi.

After Ding Yan and the others heard it, they all opened their mouths and brows fiercely. They have been with Jiang Liqun for many years, and naturally know how powerful Jiang Liqun is now. It can be said that he is the true king of Yuancheng, otherwise even the city lord Lu Yingjie would be so afraid of Jiang Liqun.

How many people heard the name Jiang Liqun, they were shocked three times, but Lin Ziming is now directly going to bring Jiang Liqun under his command!

This can no longer be described with a big appetite, but pure whimsical!

Besides, would someone like Jiang Liqun be willing to be Lin Ziming's

subordinates?

Even Tao Sanniang was taken aback. She found that she was a little bit more and more unable to understand Lin Ziming, which was too domineering.

In the huge box, there was a sudden silence, and everyone stopped talking, so quiet that it was a little strange.

Jiang Liqun was lost in thought. He had to say that Lin Ziming's request was a bit unexpected, and even annoyed him a little! Who is Jiang Liqun, the absolute king of Origin City. How many years of hard work did he have today's position. As a result, Lin Ziming's upper lip touched his lower lip, and he was about to be swallowed?

However, he also had to admit that Lin Ziming had this ability. The current situation is that, let alone the small place of Yuancheng, even looking at the entire province of G, Lin Ziming is walking sideways.

After hesitating for almost two minutes, Jiang Liqun raised his head, looked at Lin Ziming and said, "Master Lin, is your appetite a bit big?"

Lin Ziming leaned on the chair and said with a smile: "You can take the second place, give me 10 billion, and I will personally take action to help you kill the enemy. Or maybe you haven't seen me tonight."

After hearing the words, Jiang Liqun fell silent again. After a while, he asked again: "Master Lin, are you really sure to help me break through the innate realm?"

This is the problem. To be honest, Jiang Liqun doesn't believe in Lin Ziming a bit, because he has looked for Wu Meizi before, and even Wu Meizi is not 100% sure to help me break through the innate realm.

In addition to Wu Meizi, he has also found other Innate Realm masters.
