

Chapter: 830

I saw that the bodyguard was stripped naked, his hands and feet were tied up, and they were still tied with wire, tied very tightly, and the bodyguard was strangled with blood.

That's not even counted, this bodyguard was covered in wounds, bruises and wounds everywhere, blood constantly oozing out, looked very miserable!

His mouth was stuffed with socks, and he was completely speechless.

What made Lin Ziming angry the most was that the bodyguard was covered with words, the crooked Chinese character: Sick Man of China!

These words are all blood, and they are carved on the bodyguards with sharp objects.

Lin Ziming rarely gets so angry, but now, he is really angry, very angry!

When the bodyguard saw Lin Ziming appear, his tears were streaming out, and he screamed, but because his mouth was blocked, he couldn't make a sound at all.

Lin Ziming revealed two groups of anger in his eyes. He was really angry this time!

These two damn foreigners actually dared to abuse his compatriots like this. This is no longer a simple matter of personal grievances.

He took a deep breath and forced himself to calm down, then went over to loosen the bodyguard and remove the socks from the opponent's mouth.

The bodyguard coughed violently, his body was trembling, and his tears flowed down. "Boss, I'm sorry, my subordinates are ashamed of you!"

Lin Ziming took off his clothes, put on him, and then helped him up.

The bodyguard saw Lin Ziming actually take off his clothes and put on him, he was flattered, and said in a panic: "Boss, how does this make it..."

Lin Ziming held him down, and said solemnly: "How can't you, you were hurt to protect my family, so I took off a piece of clothes and put it on for you.

The bodyguard clenched his teeth tightly, his tears gushing out again like a fountain, and he was touched like never before!

He now knows exactly how honorable Lin Ziming's identity is, and will actually take off his clothes and wear them for him, giving him an urge to die for Lin Ziming.

"Boss, I don't use it..."

When Lin Ziming heard this, he gave a sigh, and a bad premonition suddenly rose in his heart!

He hurriedly said: "Hurry up and tell me what happened, my family has been killed?!"

This is a try that he absolutely cannot accept. If there is an accident between Chu Fei and the two old men, he swears that he will kill Smith and Connor if he chases them to the ends of the world!

The bodyguard felt the murderous aura emanating from Lin Ziming at this moment, and was shocked immediately. He said quickly: "There is no such thing, the madam is at home today, there is no accident, the two foreigners still dare not go in. Madame is unruly."

Lin Ziming breathed a sigh of relief immediately, as long as Chu Fei and the two old men were in trouble, it would be fine.

"Did these two foreigners leave any words?" Lin Ziming asked in a deep voice.

The bodyguard nodded and said, "That said, they are running towards you, boss this time..."

The bodyguard said what had just happened, his eyes were full of hatred. He was abused by those two foreigners just now, and he completely trampled his dignity on the soles of his feet and trampled on him!

After Lin Ziming listened, he was also extremely angry.

He is now 100% sure that the two foreigners were sent by Smith.

It seems that he has to take action.
