

Chapter: 854

Ouyang Feng and Ouyang Xuehai looked at each other, and they both saw the shock in their eyes, because they both knew who Jiang Liqun was, and it would not be an exaggeration to call them the first brother of Yuancheng, but they had six or seven assets on the surface Tens of billions, plus the inability to count the value secretly, there will be more than that, I am afraid it will be hundreds of billions, and now it is directly surrendered to Lin Ziming. This is incredible!

And the most important thing is that Jiang Liqun is still a pinnacle of the day after tomorrow, so he surrendered to Lin Ziming, which shows that Lin Ziming's value is far above their expectations!

So the look they look at Lin Ziming now becomes even more different.

In that case, Lin Ziming really looks down on their 20 billion.

Ouyang Feng thought for a while and said, "Dong Lin, we didn't think about it. We took the liberty to disturb you. I'm sorry. Since Lin Dong wants to rest, then we will leave first."

Lin Ziming nodded, without responding, and went straight into the bedroom. Ouyang Xuehai sighed and couldn't help feeling regretful. If they hadn't chosen to draw a clear line with Lin Ziming at the beginning, it would be a completely different situation now, alas!

Ouyang Yanran, who had never spoken all the time, clenched her lips. She did not follow Ouyang Feng and the others, but stayed, looking at Lin Ziming's figure, then she gritted her teeth and walked in.

Wang Shougui was taken aback, and said quickly: "Hey, what are you doing, stop me!"

Everyone in the Ouyang family who was about to leave was also stunned.

Ouyang Yanran bit her lip and said firmly, "I have something to tell Lin Ziming!"

Wang Shougui said with a cold face: "Presumptuously, what kind of identity do you dare to call Lin Dong's name?!"

Ouyang Xuehai also hurried up, grabbed Ouyang Yanran, and said in a low voice: "Yanran, what are you doing, don't disrespect Dong Lin!"

Ouyang Yanran said seriously: "I don't have any disrespect to him, I just want to say a few words to him alone."

"This..." Ouyang Xuehai didn't know what to say for a while.

When Wang Shougui's face was cold and he was about to scold him, Lin Ziming's voice came from the bedroom, "Let her in."

"Yes, Lin Dong." Wang Shougui nodded immediately, not daring to say any more, stepped aside and let Ouyang Yanran in.

After a while, everyone else left the office, leaving only Ouyang Yanran in Lin Ziming's office.

"Let's talk." Lin Ziming said lightly.

Ouyang Yanran looked at Lin Ziming now, only feeling strange and far away.

Looking back now, she was in a very complicated mood. She wanted to see Lin Ziming for the first time. She still couldn't afford Lin Ziming at that time, but now, she was already looking up to Lin Ziming.

Taking a deep breath, Ouyang Yanran said, "I'm sorry for what happened last time. Our Ouyang family lost you, but I hope you can give us Ouyang family a chance to make up for it, okay?"

Seeing that Lin Ziming still didn't have any expressions, Ouyang Yanran took two steps forward, bent down, put down her posture, and said in a pleading tone: "Brother Ziming, for the sake of our former friends..."

"Is it enough?" Lin Ziming asked her to continue and interrupted directly. Ouyang Yanran's face suddenly stiffened, "If you say enough, go out, I want to rest."

Lin Ziming had a very cold attitude from beginning to end. He didn't put Ouyang Yanran in his eyes at all. It wasn't him who was mean, but the practice of Ouyang's family, which really chilled his heart.

Now that the Ouyang family sees him rising, and then come to flatter him, where will he respond? His principles are not so cheap!
