

Chapter: 857

Because he is also a master of the Innate Realm, and his strength is super strong, he has reached the top realm of the Inborn Realm!

Nishang saw him appear, his face suddenly changed, and his calm mood immediately became tense, and he called out the other party's name in a deep voice: "Ye Xingchen!"

Obviously this man is called Ye Xingchen, and he also has a nickname in the organization, 'Erlang Shen'.

The Luotian organization is a theological organization, and everyone in it has a code name of a fairy.

"What are you doing here with my aunt? It's not your responsibility!" Nishang's eyes were full of repulsion and hostility when looking at Ye Xingchen.

Ye Xingchen showed a meaningful smile. He didn't care about Nishang's hostility towards him, and said: "I came here, naturally something is going on. Nishang, you just criticized the holy king, I heard it."

Nishang frowned, and she said coldly: "If you want to sue, just go and sue, don't run to me to pretend, I don't want to eat yours!"

Qin Yuehua hurriedly stood up and said, "Venerable Stars, Nishang was joking with me just now. It definitely doesn't mean to offend the Holy King. Please also Master Stars to have a lot. Don't have the same knowledge as Nishang, okay?"

Nishang immediately held Qin Yuehua's hand, "Auntie, you don't need to beg him, just let him complain to the Holy King. Anyway, I am not afraid of shadows, and I have never thought of being disrespectful to the Holy King!"

After Nishang finished speaking, he waited for Ye Xingchen coldly, his eyes filled with disdain, thinking that Ye Xingchen was just a running dog.

The look in her eyes made Ye Xingchen feel uncomfortable, snorted, and said: "Neon, you don't need to be so arrogant, for the sake of the saint, I won't care about you this time."

Qin Yuehua's expression loosened, and she was about to say thank you. At this moment, Ye Xingchen said again, "Oh, looking at my memory, you have forgotten it. Now you are not a saint, but an ordinary member of the organization. Tsk tsk."

After speaking, he shook his head, his face was full of mockery.

The smile on Qin Yuehua's face suddenly stiffened.

Nishang had been displeased with him in the first place, but now seeing him as a villain taunting Qin Yuehua, where she could bear it, her complexion changed immediately, she instantly became cold, and a strong murderous intent burst out, like a cone of ice, Xiang Ye Xingchen Release the past, "Ye Xingchen, you kind of say one more thing!"

Ye Xingchen felt the murderous intent of the neon clothes, and there was

some fear on his face, and he snorted coldly, and did not continue to say, so as not to touch the eyebrows of the neon clothes.

He knows the character of Nishang, if he says one more thing, this crazy woman is really going to fight him hard.

Now he looked at the exquisite figure of the neon clothes, and an evil fire appeared in his heart, and wanted to vent under the neon clothes. He has been eyeing the neon clothes a long time ago, but because of the status and cultivation of the neon clothes, he dare not attack the neon clothes.

One day, he seized the opportunity to conquer the neon clothes and devastated him severely.

“Neon clothes, because you are a woman, I don’t know what you are.” Ye Xingchen snorted heavily, and then said: “I’m here this time to ask you how often you left the organization in these three months. I went to Province G, what did I do?!”

After Qin Yuehua listened, her heart suddenly jumped and she became nervous.

Nishang also frowned. During this period of time, she frequently went to Province G, so she naturally went to protect Lin Ziming, but she couldn’t explain this point.
