

## Chapter: 862

After half an hour, Tan Qiuya and Tian Mingjie both left, leaving Lin Ziming sitting there, lost in thought.

He did not immediately agree to join the three Xuanyuan places, and gave time to consider.

Joining the three places of Xuanyuan and entering the six doors is not a hasty thing, and it will have a huge impact on his future life.

After all, once you enter the six doors, it is not so easy to exit.

Of course, the benefits of joining the three places of Xuanyuan are also obvious. First of all, it is equivalent to an extra protective umbrella. In the future, even if he kills more foreigners, nothing will happen. Even if it is in society that offends people, nothing will happen, which is tantamount to a strong background.

And his family will also be strongly protected.

Tan Qiuya is right. He does have a strong national sentiment. Now he knows that the situation in China is not so good. There is an urgent need for masters in the congenital realm. Especially at his level, there are very few. He was still moved.

As a Chinese, who has ever thought of contributing to the country?

However, this is a big deal, he can't make a choice casually, he still has to weigh it carefully. After all, he still has an important task now, and that is to rescue his mother Qin Yuehua from the Luotian organization. Until now, he has not investigated the nature of this Luotian organization, how powerful it is, and the headquarters. Where, apart from Chou Ye and Lu Dongbin at the beginning, he has seen the third Luo Tian organization.

While he was sinking into thinking, at the Beitian Meeting, there was also a cloud of sorrow and coldness.

Since Gu Xuan and Wu Meizi were beaten to death by Lin Ziming one after another, the status of the Beitianhui is now far less than before.

Many of the forces that used to be the leader of the North Tianhui, now they are beginning to show their alienation, and they are not too afraid of the North Tianhui to ask questions. Some people even begin to plan to open a security group to fight against the North Tian.

In this case, Bei Tian will be very angry, very annoyed, but there is no big way to do it.

Who made all the masters of the innate realm who can now fight in the North Tianhui all dead!

Don't look at Gu Xuan as the vice president. In fact, his cultivation base is the highest cultivation base in the Beitian Society. It is also because of Gu Xuan's existence that the Beitian Society has such a deterrent power.

Now that Gu Xuan is dead, naturally the deterrent power of the Northern Heaven Society is not so great.

Because Zhou Zhe, the president of the North Sky Club, was not a master of the innate realm, he was just an acquired pinnacle. The reason why he was able to become the president was not because of his cultivation level, but his management ability. And the Beitianhui was also in his hands, making it bigger and bigger, but now, Gu Xuan is dead, and he has no deterrent power, even if he has any more powerful skills, he can show it.

Especially now that the great god Lin Ziming is blocking them, the partners who used to cooperate with them in depth are now slowly choosing to terminate the contract with them, so that their business will be reduced by 30 points in a short time. !

Profits have also fallen sharply.

In this case, Zhou Zhe, the president of the North Sky Club, was completely unable to sit still. He used his relationship to find a top expert to become the vice president of the North Sky Club.

On this day, he set up a banquet in the hotel, waiting for the arrival of this super master.
