

Chapter: 880

10.5 billion! !

What is this concept? !

All the people present are well aware that this is an ordinary person who can't spend money in ten lifetimes...No, it should be a huge amount of money that can't be spent in twenty lifetimes, thirty lifetimes!

However, Lin Ziming now speaks lightly, not auctioning precious treasures at auction, but donating money.

The most terrifying thing is that, adding in the 8.330 billion donated by Lin Ziming, Lin Ziming has donated 19.13 billion!

What a horror is this? No one would dare to imagine.

So the audience suddenly lost their voice. It seemed that everyone had been pressed the pause button. Not only was there no sound, but it was strangely quiet. Everyone was still dumbfounded, looking at Lin Ziming in a daze.

Even Zhou Zhe, he is scared by Lin Ziming now, this damn place is too outrageous, 191.1 billion, equivalent to one-fifth of the value of his Northern Sky Club, just like this. Ming donated it?

Oh my God!

Even if it was a big man like Zhou Zhe and someone who had seen a lot of money, he couldn't help being frightened by Lin Ziming's big hand.

The point is, don't think Zhou Zhe is now the president of the North Sky Club, his status is detached, but his personal net worth is actually only 20 billion, and he is already considered a super rich man.

But for Lin Ziming, he donated 19.1 billion yuan to a charity party, which is crazy.

Even Ye Xingchen, his eyes widened now, and his breathing was much quicker.

He stared at Lin Ziming, trying to see through Lin Ziming!

Because he can't spend so much money, don't think he is the law enforcement sage of the Luo Tian organization in the Eastern Region, but, in terms of financial resources, he really doesn't have much.

Now, his heartbeat has accelerated a lot, and the look in Lin Ziming's eyes is even more fierce and covetous. He knows now that although Lin Ziming is not as good as him, his financial resources are not bad.

This made him even more moved, if he could swallow all Lin Ziming's property, then he could also become a super rich man. And if he has money, he can do more things, he can buy more precious pill, and given time, his chances of breaking through to the Dzogchen Realm of Innate Realm will be even greater!

In an instant, Lin Ziming noticed that Ye Xingchen had made his idea. He sneered in his heart, and he didn't even put Ye Xingchen in his eyes.

“impossible!!!”

At this moment, a sharply excited voice suddenly sounded, shocking many people.

It's Zhou Zhe. Now his face is ugly. He stared at Lin Ziming, gritted his teeth and said: "Fraud! You are definitely a fraud! Lin Ziming, you poor ghost, how could you get 19.1 billion? Three of the companies sold, and none of them can come up with so much money!!"

Hearing his words, many people present immediately reacted. Yes, Lin Ziming is only the chairman of the three companies. Among them, the most valuable is Ziqiong Media. But even if the market value of Ziqiong Media is only about 8 billion, it can't make up 19.1 billion if it sells it, so they concluded that Lin Ziming was a fraud, and Lin Ziming was crazy in order to steal the charity ambassador tonight. Up.

The host frowned, and he said, "Mr. Lin, can you get 19.13 billion yuan? If not, you are fraudulent donation. This behavior is severely cracked down by the country!"

Tonight's charity party has a rule like this. First call out the amount of donation, and then make a lump-sum payment. If you can't pay, it's a fraudulent donation.

If it is a charitable activity of a non-governmental organization, it will be a loss of face at most, and there will be no substantive consequences, but this is an official organization. The act of fraudulent donation is not as simple as losing face and is punished.
